

AMERICA PREACHES ALTRUISM; BRITISH GOBBLE PETROLEUM

Must Stand Behind
American Promot-
ers to Win

TOO MUCH ENGROSSED
IN IDEALISTIC NOTIONS

OKLAHOMA CITY, Oct. 9.—Senator Harding told voters of Democratic Oklahoma tonight that while the American government was beguiling them with idealistic notions of a new social era the other nations had reached out to dominate commerce and industry of the world through control of the petroleum supply.

British interests in particular, declared the Republican nominee, had put their hands on petroleum resource foreseeing a day when oil would become the mainspring of transportation and material progress. He said it was high time the United States stood behind American promoters in their effort to give the nation a self-reliant place in industry. Questioning whether other powers have "taken very seriously" the "self-abnegating aims which the Washington government has been proclaiming," the senator assailed again the Paris league of nations and said he wanted no voter to be in doubt about his determination to stay out of the covenant. He declared the nations slogan in all its policies must be "America first."

Earlier in the day Harding had made several rear platform speeches on his way across Kansas and Oklahoma.

Chattering crowds greeted the nominee at all of his stops.

At Ponca City, when a farmer handed up, a printed circular quoting him as advocating dollar wheat, the candidate characterized the statement as a miserable silly old lie. He said the story started from his having remarked in the senate once that he could remember when in normal times dollar wheat was very desirable.

Turning eastward from Oklahoma City late tonight, the candidate's train will reach St. Louis tomorrow evening and Marion at noon Monday.

Praising American genius and enterprise in its development of American petroleum the senator dominated Oklahoma City in his speech "as the world's metropolis of petroleum."

"But the star of petroleum's empire travels always from the exhausted fields to newly opened territory," he continued. "New fields must be opened and before many years we will be compelled to draw upon other countries, even other continents, to provide for our own needs."

Return to Plain Practicalities.

"We must turn again to a national consideration of some very plain practicalities of life. It has been a time when so many should have been inspired during the war by the wish to effect arrangements that would prevent repetition of such a conflict. But while our own administration has been seeking to produce such an ideal situation what have been the real activities of other nations?"

"The plain fact is that while our government has been attempting to organize a model state of society, other great states have been looking about for the means to dominate the petroleum production of the world, because in the control of petroleum, they might find the power to control the commerce, the trade, the industry of the twentieth century world."

"Our forefathers British competitors have been at the front in seeking to control the future production of mineral oil. We have just been learning about the extent to which they have succeeded in taking over the world's resources of oil. An eminent British authority recently declared that the British empire now controls more than 90 per cent of the world's known supplies. He ventured to boast that petroleum was now securely in the hands of the British peoples."

"It must give pause to note that while our administration has been trying to impose its own copy-righted style of altruism upon the world, the other governments have been engaged in something very much like a scramble for the control of petroleum resources everywhere."

Would Control World's Petroleum.

"We have seen Mesopotamia and Baku, Trinidad and Royal Dutch, the East Indies, Persia, Colombia and Mexico, all falling in to the hands or under the influence of British oil interests. There is real danger that Americans who gave this industry to the world, may presently find themselves shut out from equal opportunities in the future."

"The truth is that under the present administration there has been such an engrossment with idealistic notions about international relations, that the plain phases of our dealings with the rest of the world, have been sadly neglected. We need to get back to the practicalities of life, to make sure that Americans shall

HUNGER STRIKERS SLOWLY EATING THEMSELVES UP

Strikers are Thus Described
By Associated Press
Man

PRISONERS ARE GIVEN
BEST OF CARE

Cork, Oct. 9.—"Slowly eating themselves up" said a prison official who frequently sees the eleven hunger strikers in the prison here describing to the Associated Press the condition of the prisoners who entered the sixtieth day of their fast.

About every four days the officials said he observed a change in them. "They go along for several days without visible alteration, then suddenly they seem to strike a new stage and drop down," he continued.

"The skin is now drawn over their faces tight as a drum and all of them are hollow-eyed. Every day their cells are freshly sprayed."

The official expressed admiration for the care being given the men by the warden.

Careful Attention.

"I never saw anything like the nursing the hunger strikers are getting," he declared. "There is not a bed mark on any of them. They have new mattresses made of elderdown. These mattresses are more than two feet thick and the sheets are stretched so tightly there is no crease whatever. The patients lie on air cushions reaching to their shoulders; they are covered with blankets as light as down. The temperature of the cells is never allowed below 63 degrees Fahrenheit, and the water bottles with it surrounded and supplied with hot water day and night. Most of the prisoners lie practically inert and only their breathing show they are alive."

THIRTY KILLED IN TRAIN COLLISION

Many Bodies Recovered From
Debris—Will Be Unable to
Identify Many.

Paris, Oct. 9.—Thirty or more persons were killed and fifty injured today when the Paris-Nantes express ran into a freight train. The suburban station of Houilles. Some twenty-five or thirty bodies have already been removed to a local hospital while not less than fifty injured have been transported to hospitals in Paris.

Late tonight 38 bodies had been recovered, and the search continues.

Most of the victims were workmen returning from their labor and the identity of many of them will never be known, as they were badly mangled.

SUPER-DREADNAUGHT DEPARTS HURRIEDLY

SEATTLE, Wash., Oct. 9.—The super-dreadnaught Mississippi, at anchor at Port Angeles, Washington, departed hurriedly late today for an undetermined destination.

Upon receipt of the order, visitors aboard were hastily put ashore and the vessel was under way within two hours. There were rumors that the vessel had been ordered to Valparaiso, Chile, but naval officers at the Bremerton navy yard expressed the opinion that the Mississippi was enroute to San Diego to join the Pacific fleet in battle maneuvers.

FUEL SITUATION IN CHICAGO SERIOUS

Chicago, Oct. 9.—Action to relieve the Chicago district of a threatening fuel shortage was started today by District Attorney Cline, and a committee of six men appointed to work with him in securing an adequate amount of fuel for the city's needs.

WILL JOIN GEN. WRANGEL

London, Oct. 9.—Major General Charles V. F. Townsend, who commanded British forces which surrendered to the Turks at Kut-el-Amara in 1915, is going to join General Baron Wrangel on the Crimean front, says the Daily Sketch.

MAC SWINEY IN VERY WEAK CONDITION

London, Oct. 9.—Terence MacSwiney, lord mayor of Cork, who at 4:30 o'clock this afternoon, according to the bulletin issued by the Irish Self-Determination League, was in a very weak and exhausted condition, was reported at 6:30 o'clock by the same source as somewhat brighter and more refreshed. The League's 9 o'clock bulletin said his condition was improved and that he was very peaceful, having rested.

WABASH WILL REDUCE FORCE AT SPRINGFIELD

Springfield, Ill., Oct. 9.—A lay-off of approximately one-third of the shovemen of the Wabash railroad shops here, effective October 12, was announced tonight. The retrenchment program will be general over the entire system according to A. Reid, assistant superintendent of motive power of the road. Intimation by officials is that the trainmen will shortly be affected.

FEARFULLY PLEDGED BY REPUBLICANS AT BIG LOVE FEAST

All Candidates Bury
Hatchet, Kiss and
Make Up

UNCLE JOE CANNON
GIVES BENEDICTION

SPRINGFIELD, Ill., Oct. 9.—Victorious and defeated candidates of the Republican state primary, before an assemblage of county central committee members and newspapermen from practically all counties in Illinois, buried their hatchets and in true love-feast fashion, called each other brother and "true Republicans."

A Republican victory in Illinois by at least a "100,000 majority" was predicted.

Frank L. Smith, defeated candidate for United States senator and chairman of the state central committee set the pace, and thereafter every aspirant in the primary that spoke vied in emulating his "fine spirit" and praising his leadership. Only one thing threatened complete harmony.

Lieut. Gov. Oglesby defeated candidate for governor did not attend. A communication from him said he had waited all night, but had not received any invitation. Chairman E. Sterling, who spoke last, explained that a letter to him had fallen "victim of Democratic inefficiency," and had not been delivered.

Newspapers Are True Blue.

Illinois Republican newspapers had John Harrison of Danville as spokesman. He promised that defeated and victorious newspapers as well as candidates were also "true Republicans." An ovation as long and loud as the loudest, was given Oscar Carstrom of Alton, who styled himself "a minor candidate for governor." He promised "the last measure of energy" to the success of the ticket.

Len Small, successful candidate for governor who spoke briefly, was cheered by E. Sterling, candidate for lieutenant-governor, who opposed him before the primary. "Many minds," said Mr. Sterling, "have been poisoned against Len Small. I know him well and know he'll be a safe governor."

Among other things, Mr. Sterling said, "Len Small was converted by Billy Sunday." The benediction was pronounced by "Uncle" Joe Cannon of Danville, re-nominated for Congress. "How pleasant," said the veteran Republican, "it is for brethren to dwell together in unity." Among the others who spoke were W. B. McKinley, successful candidate for United States senator, and Mrs. Evans, candidate for University trustee.

Mrs. Evans promised for the Republican women for the "fifty-fifty" responsibility given them, a "fifty-fifty" shouldering of work.

HARDING'S VIEWS GIVEN ON EDUCATION

Washington, Oct. 9.—Senator Harding's views on educational questions were expressed in a statement received from the Republican presidential nominee and made public by the national educational society.

"I have committed myself," said Mr. Harding, "to the creation of a department of public welfare as a necessary governmental agency for carrying out effectively a program for the promotion of social justice and human welfare. Education is so intimately related with human welfare and to the perpetuity of our free institutions that it must be considered of primary importance in any program for social betterment."

"The federal government has established the precedent of promoting education. The federal government should extend aid to the states for the promotion of physical education, the Americanization of the foreign born, the eradication of illiteracy, the better training of teachers, and for promoting free educational opportunities for all children."

MAC SWINEY IN VERY WEAK CONDITION

London, Oct. 9.—Terence MacSwiney, lord mayor of Cork, who at 4:30 o'clock this afternoon, according to the bulletin issued by the Irish Self-Determination League, was in a very weak and exhausted condition, was reported at 6:30 o'clock by the same source as somewhat brighter and more refreshed. The League's 9 o'clock bulletin said his condition was improved and that he was very peaceful, having rested.

WABASH WILL REDUCE FORCE AT SPRINGFIELD

Springfield, Ill., Oct. 9.—A lay-off of approximately one-third of the shovemen of the Wabash railroad shops here, effective October 12, was announced tonight. The retrenchment program will be general over the entire system according to A. Reid, assistant superintendent of motive power of the road. Intimation by officials is that the trainmen will shortly be affected.

Volunteers To Help Fight Forest Fires

DULUTH, Minn., Oct. 9.—Winds which have caused smoldering fires in Douglas county, Wisconsin, beginning to assume threatening proportions, have died down considerably, according to reports received here from many towns in that county, and were believed to be harmless tonight.

Crews of fire fighters are combating the flames around Superior, and were reported to have them under control.

While no rain is predicted for tomorrow, heavy winds are not looked for.

SUPERIOR, Wis., Oct. 9.—Two persons have been seriously burned, hundreds are homeless and property valued at more than a million dollars has been destroyed in the forest fires which are sweeping Douglas county. Scores of farms have been wiped out and crops are a total loss.

Only rain can remove the hazard. A high wind would bring a holocaust which might rival that of October 12, 1918 in northern Minnesota.

The towns of Dedham and Bathew were threatened with ex-

HAYS QUOTES FROM SPEECH OF WILSON MADE IN MAY 1914

President Then Said We
Must Follow Advice of
Washington

SHOULD NOT ALLY
WITH OTHER NATIONS

NEW YORK, Oct. 9.—Will H. Hays, chairman of the republican national committee, in a statement here today, raised a question as to whether President Wilson was correctly quoted when in May, 1914, he expostulated himself against any sort of foreign alliances for the United States.

The paragraphs in the president's speech at that time dealing with foreign alliances which Mr. Hays quoted are:

"There are just as vital things stirring now that concern the existence of the nation as were stirring then (colonial period) and every man who worthily stands in this presence should examine himself and see whether he has the full conception of what it means that America shall live her own life. Washington saw it when he wrote his farewell address."

"It was not merely because of passing and transient circumstances that Washington said we must keep free from entangling alliances."

"It was because he saw that no country had yet set its face in the same direction in which America had set her face."

"We cannot form alliances with those who are not going our way, and in our night and majesty and in the certainty of our own purpose we need not and we should not form alliances with any nation in the world."

WOMEN PERFECT NEW ORGANIZATION

Succeeds Illinois Equal Suffrage League—Mrs. William Heffernan is President.

CHICAGO, Oct. 9.—The Illinois League of Women Voters was organized today to succeed the Illinois equal suffrage league. The new organization is declared to be "all partisan" and its object is given as "the furtherance of legislation affecting the general welfare and more especially laws relating to women and children."

Mrs. William Heffernan was elected president. Mrs. Moses L. Purvin, recording secretary, and Mrs. George S. Haskell, treasurer. All are of Chicago. The board of directors includes Mrs. George A. Wright, Decatur, Mrs. Mary E. Sykes, Monmouth, Mrs. E. B. Cooley, Danville, and Dr. M. D. Brown, DeKalb.

WILL ESCORT DIAZ AS FARE AS HAVANA

Mexico City, Oct. 9.—Felix Diaz will be accompanied as far as Havana on his way to Europe by an agent of the Mexican war department, it is announced here. There have been reports that military and political leaders were demanding that Diaz be tried in connection with the charge that he was implicated in the assassination of former President Madero in 1913.

POLICE SEARCH FOR PEARL NECKLACE

Chicago, Oct. 9.—Police have been asked to search for a pearl necklace, said to be worth \$50,000 which has disappeared from the home of Mrs. James Simpson, the owner. Mrs. Simpson returned from a social function, placed the pearls in a casket on her dressing table, and the next day they were gone. This is the third disappearance of valuable jewels from the Simpson home. In both previous instances, they were recovered.

STERN METHODS TO BE EMPLOYED IN RESTORING ORDER

Lloyd George Says
Must Prevent An-
archy

MANY POLICE ARE
KILLED IN REPRISALS

CARNARON, Wales, Oct. 9.—(By The Associated Press.)—Premier Lloyd George in a fighting speech to his Welsh constituents today, which was intended also for at large, declared that the government intended to restore order in Ireland by "methods how ever stern," and proceeded with its home rule bill.

The prime minister turned down dominion home rule, protesting against the suggestion that the government should go farther than did Gladstone or Asquith, "not because Ireland needs it, not because it is fair to the United Kingdom, but because crime has been successful."

A republic instead would not satisfy Irishmen, as Ulster would have something to say to that.

Various phases of the present Irish situation, chief among them the Sinn Fein attacks and the reprisals by the military and police, and a measure for proceeding with a measure for self government of the country, occupied the greater part of a speech by Premier Lloyd-George here today. He advocated the restoration of order, even if it entailed stern methods, because "we cannot permit the country to fall into complete anarchy." The "murderous gang" which was terrorizing Ireland, he said, must be broken up.

Try Patience of Police.

In speaking of the reprisals Mr. Lloyd-George argued that the police would not bomb house and shoot men if there was no provocation. Policemen to the number of 238 had been shot, he declared, and of these, 109 had been shot dead. This had tried the patience of the police to the breaking point.

As for self government for Ireland, the premier explained that if complete dominion home rule were accorded, Ireland could have conscription. In that case, he pointed out, England's army of 100,000 men might be confronted with an Irish army of 500,000. Conscription for England, Mr. Lloyd-George said, must necessarily follow dominion home rule in Ireland.

Nothing which has happened in the past, continued the premier, would justify the present conditions in Ireland, and after giving figures upon the number of police killed he said:

"The police have endured this state of things in a way which is the highest testimony to their discipline and self-restraint. There is no doubt that at last their patience has given way and there has been some severe hitting back."

The premier declared that "a real murder gang" is dominating the best way to govern the country. "It is essential," he went on, "in the interest of Ireland that the gang should be broken up, and unless I am mistaken we shall do it. But side by side with that we must proceed with the measure for self-government in Ireland."

ARMY OCCUPIES TOWN OF BERDIANSK

Sturten Fighting Going on in
Vicinity of Alexandrovsk.

LONDON, Oct. 9.—The occupation of Berdiansk, on the north shore of the Sea of Azov, 150 miles northeast of Simferopol, is claimed in an official statement on the fighting operations in South Russia received by wireless from Moscow today.

"In the direction of Novaya-Uzhitza we have occupied Zamekh and have advanced to the river Kalus and Verbovsk," the statement says. "In the region of Alexandrovsk there was stubborn fighting with the enemy who crossed to the right bank of the Dnieper to the west of Alexandrovsk."

"In the direction of Sarney, local fighting with alternating successes is in progress."

LIFE IMPRISONMENT INSTEAD OF GALLOWS

Springfield, Ill., Oct. 9.—The sentence of Thomas Ervico, who was to hang next Friday for the murder of Albert Kubalabana on November 15, 1919 was today commuted to life imprisonment by Gov. Lowden. The governor refused to intercede in the cases of Frank Campane and Nicholas Viana. They will die on schedule. Kubalabana was killed being held up by the three.

STOLE CANDY FROM EXPRESS COMPANY

Dixon, Ill., Oct. 9.—Leslie Zahn, 18, telegraph operator for the Chicago and Northwestern at Van Petten, was arrested last night on charge of having stolen shipments of candy from the American Railway Express Company. According to the sheriff he has confessed.

LEAGUE OR NO LEAGUE IS BATTLE CRY OF GOV. COX

Democratic Candidate Takes
Shot at Many Re-
publicans

WILL SPEAK IN
SPRINGFIELD MONDAY

Terre Haute, Ind., Oct. 9.—The issue of "league or no league" today was the battle cry of Gov. Cox of Ohio, democratic presidential candidate, in a rushing day of campaigning through southern Indiana.

In fourteen speeches Gov. Cox centered his fire on the Des Moines speech of Senator Harding, his republican opponent.

"The senatorial candidate for the presidency within the last three days," he told his audiences, has declared positively against the league of nations. I am for the league and I am for it with all my soul."

In his league preachings, Gov. Cox charged that Roosevelt with mis-stating that the league could declare war and send troops abroad. Governor Cox said, "Some real friend of the great Roosevelt, if there be any who are on speaking terms with the reactionary crowd now in control of the republican party should set this boy right concerning the fundamentals of the league. Out of respect for the memory of his illustrious father, some one should take this juvenile statesman aside and make plain, what really ought to be obvious."

Such eminent statesmen as Judge Taft and former Attorney General Wickersham, who for the sake of party victory have sacrificed principles to their part in associating with the reactionary candidate, should instruct Mr. Roosevelt junior in the A. B. C.'s of the league by reading to him their own lucid interpretations of the covenant, published before the subject had become a football of politics.

Lodge, Base Conspirator.

Blasts at the "senatorial oligarchy" were continuous in the governor's Indiana tour. He reiterated charges that Senator Lodge of Massachusetts was "the basest conspirator in all history" and urged defeat of senators who signed the round robin against the league.

"Any man who signed the round robin against the most human instrument in the world does not deserve a place in the senate," said the governor, referring to its signature by Senator Watson, republican of Indiana. The governor said Senator Watson was a member of the "oligarchy" and asked virtually all of his hoosier audiences to vote for Tom Taggart, democratic senatorial candidate.

The governor spoke at New Albany, Salem, Orleans, Borden, Mitchell, Bedford, Bloomington, Bloomer, Lincoln, Decatur, Sullivan, Shelby and Farmersburg. Cheering crowds of farmers and town folk, including women in sunbonnets and men in overalls, gave the governor warm receptions.

Instead of spending Sunday here as had been planned, Governor Cox arranged to leave here tonight and spend Sunday in Springfield, Illinois, where he resumes his campaign Monday with a night speech scheduled at St. Louis.

PRISONER ATTEMPTS TO COMMIT SUICIDE

Quincy, Ill., Oct. 9.—William Cole, charged with the murder of his father-in-law, Andrew Phillips, August 22 and who has been in the county jail ever since, made his fourth desperate attempt to commit suicide today. He secured a piece of steel wire used as a window rope and tried to stab himself in the heart, as he did two weeks ago with a safety-pin. Failing in this, he dashed his head against the stone wall of his cell, cutting a large gash.

Cole's case came before the present term of the criminal court but was continued until January as there was a question whether the man is insane or shamming.

BLOOMINGTON MAN DIES IN CALIFORNIA

Bloomington, Ill., Oct. 9.—J. F. Humphreys, founder of a large wholesale grocery concern here died Friday night in Los Angeles, California, his son Howard of this city receiving a message to that effect Saturday.

HEARING ON RATES SET FOR OCTOBER 20

Springfield, Ill., Oct. 9.—Hearing of the petition of Murphyboro Telephone company for advanced rates in 39 towns in southern Illinois, was set by the state public utilities commission today for October 20, in this city.

WEATHER INDICATIONS AND TEMPERATURES

Illinois and Missouri—Fair Sunday and probably Monday; continued mild temperature.

SPEAKERS INDIANS MASSACRE ROBINS IN FOURTH GAME

Win Game by Score
of 5 to 1 By Heavy
Hitting

COVELESKIE IS
IN GREAT FORM

Cleveland, Ohio, Oct. 9.—The Cleveland Indians massacred the Brooklyn Robins in the fourth game of the world series here this afternoon, winning by a score of 5 to 1, thus tying the struggle for the 1920 baseball championship. Each team has won two games and the battle will be renewed tomorrow with the American leaguers favorites.

The tribe of Speaker fell upon the helpless Robins with a savage attack that swept the easterners completely off their feet. While the Indians were battering four of Brooklyn's pitchers, Stanley Coveleskie was holding the invaders almost helpless in the grasp of his elusive spit ball delivery. But five hits were collected from him. In almost out-order, the Robins batters went out. So perfect was his control and the defense of his teammates at his back that but three superb base runners were left stranded and only one, Jimmy Johnston, completed the circuit for a tally.

Indians Start With Rush.

The Cleveland clan tore into the Nationals with a rush in the first inning. Two runs were quickly accumulated, followed by another pair in the third and the final score went across in the fifth.

The manner in which the winners fairly ran rampant through the highly touted pitching talent of the National league pennant winners, impressed their followers. Leon Cadore was knocked out of the box in the second session and Mammaux who replaced him suffered a similar fate in the third period. Rube Marquard, who earlier in the day had been arrested for ticket speculation and released upon his word to report for a hearing on Monday, followed Mammaux and after ridding himself of the heritage of Mammaux pitched good ball until he retired in order to permit Lamar to bat for him. Jeff Pfeffer then took up the burden of the hurling and had the final run scored against his delivery. Twelve hits, five runs and ten Indians left on the base after the story of Cleveland's rise and massacre of the Robins in a nutshell.

Coveleskie in Great Form.

The airtight hurling of Coveleskie was hardly needed in view of the brutal manner in which Speaker and his players battered the offering of the Brooklyn quartet. In the nine innings Coveleskie hurled the sphere at the Brooklyn batters 86 times. Of these deliveries 22 were balls, 26 strikes, nine fast strikes and three slow ones. The second strike. Seven times the ball was played for a ground out and 14 times for fly outs. These figures plus the five scattered hits against Coveleskie shows his effectiveness in the box.

The victory came at the psychological moment for the Cleveland club. With the games at two each and three still to play on their home reservation, the advantage should rest with the Indians. The American leaguers have now seen every Brooklyn pitcher of class working against them and the star twirlers of the Robins are no longer a mystery. With the backing of home crowds and such batting as they uncovered today there appears to be reason for the odds offered by the Cleveland fans before the series opened.

Fans Support Home Team.

The effect of this local support was evident today in every action of the Indians both before and during the game. The support given the home club was fully up to the standard of any previous world series in any part of the country and it was apparent that the American league combination worked with more confidence and certainly under tense conditions.

The game was played in perfect baseball weather. There was not a cloud in the sky and not enough breeze to move the autumn haze in the lazy late summer atmosphere. Long before the game began every part of the cheaper seat sections were filled, and tall trees and telegraph poles overlooking the grounds threatened to topple under their burden of venturesome youthful fans. Inside the park, the fans showed all the evidence of enthusiasm which has always been present with a world series. Pennant venders and arm band peddlers did a thriving trade. Bells, rattles and a well organized auto horn chorus helped to keep the enthusiasm at top pitch. Every good play was liberally applauded, whether made by a Cleveland or Brooklyn player. There were not the number of brilliant individual plays that marked the third game in Brooklyn. (Continued from Page 5)

A STRONG TICKET

Morgan county Republicans are well satisfied with the ticket they will present to the voters on election day, November 2. The candidates are qualified to fill the offices which they are seeking and so the party organization can lend its full support to these candidates with the knowledge that if elected they will make good and serve to the credit of the party and the county.

Mr. Harlan indicates that he has no intention of withdrawing from the governorship race and

WHAT THE FARMERS DID

It is an old saying that the farmers of a nation never begin a war, but always have to fight it thru. In the great war more than twenty-five per cent of all our fighting men were farmers. The farmers furnished not only more fighting men than any other class of people, but a larger number in proportion to their total numbers than any other class.

And the people who were left on the farms produced more food than the same number of people ever produced before in the history of the world. Perhaps this is one of the reasons why farmers generally are so strongly opposed to the League of Nations. They know that it is far more likely to mean war than peace, and they have had enough war.

inaugurates his campaign with an attack on Mr. Small, the Republican candidate. Of course it would simplify the contest were Mr. Harlan to withdraw but the rank and file of the Republican party will not approve his action or lend him support.

Evidently his present purpose is to try and lessen the chances of Mr. Small for election and to aid the Democratic nominee. Such candidacies are seldom successful.

At a convention of investment company representatives one speaker declared that at least 50 per cent of the stocks offered to the public are bad—that is, will not pay a return to the investor. With such a large percentage of

stocks of doubtful value, it is no wonder that many people with money turn toward land. The returns are not as large but they at least have the assurance of safety.

STANDING ON HIS RECORD

Carl E. Robinson is the Republican candidate for state's attorney. Mr. Robinson has filled the office for the past four years and is asking re-election upon the basis of his record. An inspection of that record will give proof that he has discharged the duties of the office as prosecuting attorney with fidelity and ability.

The percentage of convictions secured has been large and in various other ways the public has been shown Mr. Robinson's ability to measure up fully to the important duties of the office.

W. Murray Crane, long prominent in the councils of the Republican party, has closed his somewhat notable career. While Mr. Crane has long been known in both the business and politics of the east, his name will not live from that fact but because of the many bequests to charity in his will. These bequests amount to something more than \$600,000 and are to charitable institutions of various kinds.

The wealthy man who passes on and leaves all his money to his heirs is soon forgotten except by them. The man of wealth who makes bequests to charitable and philanthropic enterprises erects a monument that endures.

WILSON NOW AND WILSON THEN

The New York Herald says Pres. Wilson characterizes as grossly ignorant and impudently audacious the "Americanism" of those who oppose his League of Nations on the ground that commitments like those of Article X, for example, involve a surrender of national independence, a merging of our sovereignty in the scheme of supergovernment the covenant aims to establish. He says:

"Those who do not care to tell you the truth about the League of Nations tell you that Article X, of the Covenant of the League of Nations would make it possible for other nations to lead us into war, whether we will it by our own independent judgment or not. This is absolutely false. There is nothing in the covenant which in the least interferes with or impairs the right of Congress to declare war or not declare war, according to its own independent judgment, as our Constitution provides."

And yet thirteen months or more ago, when the Senators were cross-examining Mr. Wilson at the White House on this very subject, he told them plainly that that was absolutely true which he says now is absolutely false. Read again his own language concerning the compulsory character of the obligation he is still insisting that the Republic shall incur:

"Senator Knox—Mr. President, allow me to ask this question: Suppose that it is perfectly obvious and accepted that there is an external aggression against some power, and suppose it is perfectly obvious and accepted that it cannot be repelled except by force of arms, would we be under any legal obligation to participate?" "The President—No, sir; but we would be under an absolutely compelling moral obligation." "No comment is needed. None will be attempted."

Rippling Rhymes
By Walt Mason

Evened Up.
With Fate, unfair, I used to quarrel, because my hair was dinky sorrel. My neighbor, Horn, had raven ringlets, that might adorn the brows of kinglets. I envied him his tresses shining, and life seemed grim, and I was pining. The years have sped, as years skeddaddie, and Horn's bald head looks like a saddle. And I have hair to feed the chickens; in a Horn's despair it grows and thickens. I envied him when we were younger; now in his glim I see soul hunger. I see his eyes with envy kindle; oh, how he'd prize my hair all brindle! I envied Mott his unearned riches, when I was hot from toil in ditches. All jealous-eyed I used to worry to see him ride in gorgeous surrey, while I chased goss through prickly hedges, or whacked up logs with rusty wedges. But now he eats things predigested; by pies and meats he'd soon be bested. The doc holes out his daily vittles; a Brussels sprout he slowly whittles, and feeds to Mott the sickly shavings, which makes Mott hot and starts his ravings. Is his life sweet, or sad and tiring. And I can eat what I'm desiring. Vain envy seems, when swift years trim it; of all bad dreams, it is the limit.

GAVE BIRTHDAY PARTY.

Miss Mary Janet, Capps entertained a company of twenty girl friends Saturday night at her home on Mound avenue. It was a birthday celebration and the girls found it a very happy event as generous arrangements had been made for their entertainment. Prizes were given in one contest, honors going to Misses Elizabeth Scott, Josephine Milligan and Helen Walton.

Wright & Hills Pure Old Process Oil Meal. Bell phone 61. Illinois 786.

Mrs. Ellen Williamson and children were visiting here yesterday. Mrs. O. L. Crum was a shopper from Litchfield Saturday. Walter Brown came in from Nortonville Saturday.

Funerals

DeOrnellas.

Funeral services for Mrs. Mary DeOrnellas were held from Northminster church Saturday afternoon at 2:30, the Reverend W. E. Spoons officiating, assisted by the Reverend Raye Regan.

Charles Nunes, Frank Nunes, Joseph Nunes, Isaac Nunes, Joseph Fortado, and Osi Surrat acted as pallbearers, the first four named being grandsons of the deceased. The flowers were in charge of Mrs. Charles Nunes and Mrs. George Fortado. Interment took place in Jacksonville cemetery.

Stansfield.

Funeral services for Mrs. David Stansfield were held from the Baptist church in Murray at 2:30 o'clock Saturday afternoon in charge of the Rev. Roy March.

Music was furnished by Mrs. Maude Rimbey, Mrs. Mabel Walker, George Coullas and Walter Wright with Mrs. Iva Short at the piano. The flowers were cared for by Miss Georgia Mawson, Miss Helen Rousey, Miss Lucille Pencil, Miss Clara Miller, Mrs. Jesse Hayes and Mrs. Frances Rousey.

Burial was in Murrayville cemetery the bearers being, H. F. Garfield, George Sooy, Willard McKean, William Brown, A. H. Kennedy and R. D. Rimbey.

MATRIMONIAL

Beerup-Redding.

Announcement has just been made in this city of the marriage of George Beerup and Miss Ruth Redding. The young couple went to Hannibal last Wednesday and were married in that city by the Reverend Denton, pastor of the M. E. church there, returning to Jacksonville on Thursday.

Mr. Beerup was born in Franklin, but has lived in Jacksonville for several years. He is employed at the Coca Cola Bottling works. The bride is the daughter of Mr. and Mrs. C. O. Redding of 624 South Diamond street, and has always been a resident of this city.

Peak-Martin.

The marriage of Mark Peak of Winchester and Miss Rowena Martin of Jacksonville was solemnized Thursday at high noon at the home of the bride, 1405 West College avenue. The Rev. W. R. Johnson officiated at the marriage which was witnessed by the immediate relatives of the young people. Afterwards a splendid dinner was served, which was enjoyed by all present.

Mr. Peak is the son of George J. and Nora B. Peak, and has always resided near Winchester. He graduated from the Winchester high school in 1919 and is a young man of admitted worth.

The bride is a daughter of Mr. and Mrs. Thomas B. Martin and has until recently lived near Winchester. She graduated from the high school in Winchester with the class of 1919 and her charming qualities made her very popular with those who know her.

The young couple have many friends who join in wishing them the successful life their acquaintance are sure they will have.

Barry Baxter, the young English actor, saves the Vanity Hat will please you. We will be pleased to have you see the Vanity Hats. FRANK BYRNS Hat Store.

CLUBS

The Wednesday Class will meet with Miss Fairbank, 216 Caldwell street at three o'clock. The Ladies Aid Society of the Congregational church will hold a called meeting after the Foreign Missionary Thank Offering meeting Tuesday afternoon at Mrs. G. W. Brown's, 235 Westminster street.

GEORGE TANDY IS EXPERT WITH PISTOL

Former Resident Qualifies as Expert Marksman—Only One to Qualify Out of Nearly 400.

Mrs. O. E. Tandy has received a newspaper clipping telling of her son, George Tandy qualifying as pistol expert at Camp Glenn, Moorehead City, North Carolina.

Mr. Tandy is lieutenant in Durham machine gun company and was in camp with his company. He made a record of 54 points out of a possible 60. This was four more than the number required to win expert honors.

Nearly 400 men participated in the contest and Lieut. Tandy was the only one to qualify the some of the others came close to the fifty mark. Later he will be awarded a pistol expert marksmanship medal.

WALTER IMBODEN KILLED BY TRAIN

Jacksonville Man Falls Beneath Wheels of Burlington Freight—Body Badly Mangled—Coroner Rose Held Inquest.

Walter Imboden, a resident of this city was instantly killed about 3:30 o'clock Saturday afternoon when he fell under north bound Burlington freight No. 95 south of Pisgah.

Imboden's body was badly mangled and was discovered by members of a Burlington section gang a short time after the accident. The body was taken to Franklin and Coroner Rose was notified and went to Franklin and held an inquest Saturday afternoon.

The jury was composed of Will C. Hart, Foreman, C. L. Austin, C. L. Beerup, Otto Robson, W. H. Huddleston and A. F. Ruble, clerk.

The jury heard the testimony of Vernie Tranbarger and I. F. Tribble. Tranbarger is a member of a Burlington section gang and a resident of Franklin. Witness said he saw Imboden standing between two cars, about three cars from the engine on north bound freight.

First saw him on the engine of the train. There were no trainmen with him and no one near, witness said.

I. F. Tribble, a farmer, residing south of Franklin said he was returning home from Jacksonville about 3:30 o'clock. Saw number of men just north of Woodland crossing. Went to them and saw man lying on the ground. Recognized man as Walter Imboden. Helped carry body to house.

After hearing the evidence the jury returned a verdict that Imboden came to his death by accident falling off of north bound Burlington Local No. 95 about 3:15 o'clock Saturday afternoon, October 9, 1920, while riding between two cars. The body was brought to William's Undertaking rooms and prepared for burial. It will remain here until time for funeral.

Deceased was a son of the late Peter Imboden for many years in the ice business here. He has been employed as a farm hand by Joseph Bergschneider, residing near Franklin. It is said that Imboden frequently came to Jacksonville on a freight train to visit relatives. Deceased is 42 years of age.

He is survived by his mother and four brothers, John, George, Louis and Elmer Imboden and two sisters. It is not known when the funeral will be held.

MRS. ABBOTT
1237 So. East. Ill. 881

Mr. and Mrs. Fred DeFrates have returned from a visit in St. Louis. They witnessed the Veiled Prophet. They also stopped at Alton where they visited Mr. and Mrs. Will Foss of that place where they had a six o'clock dinner. Mrs. Foss was formally Miss Cornelia Cook of Chandlerville, Ill.

HOSPITAL CAMPAIGN

TO BE CONTINUED

Chairman Brown Says City and County Team Workers Will Stay on Job—Total of Subscriptions is Past \$21,500 Mark—Many Prospective Donors Still Unseen.

The total subscriptions to the Passavant hospital campaign fund reported last night was \$21,500. W. Barr Brown, the county chairman, made the announcement that the campaign is to continue in both city and country precincts this week until the \$30,000 goal has been reached. Mr. Brown said that the directors of the campaign feel that there is no cause for discouragement, even though the full amount has not been raised within the week. Farmers are especially busiest now with wheat sowing and some other fall work, and the fact is that many prospective donors have not been seen.

Considerable canvassing work remains to be done in the city, and without doubt when citizens of all the townships have been called upon and afforded the opportunity to give, the total asked for will be reached.

The headquarters of the campaign will now be removed from the D. N. James Automobile Co.'s office to the Farrell bank. The noonday luncheons have been discontinued but the organization will be kept intact and the campaign managers will ask for daily reports from the township captains.

Some of the reports made at the luncheon Saturday were as follows:
Jacksonville—Second ward, \$735; Third ward, \$97; Fourth ward, \$680; South Jacksonville, \$82.

Woodson—Ed Barrow, chairman, \$184.50.
Litchberry—William Crum, \$113.50.
Waverly—W. H. Rohrer, \$186.50.

Harry Kinner, \$19.
Mrs. Burnett, \$304.50.
Casper Blimling, \$191.50.
Allinson Thomason, \$243.70.

A. A. Curry, president of the board of trustees of the hospital, made a helpful talk, expressing his appreciation of the work done. Mr. Curry has been out of the state during the week and so has not been in touch with the campaign. He said that reports from both city and county precincts gave certain evidence of the interest of the people and of their belief that Passavant hospital is their hospital and entitled to their support.

A letter was read from J. K. C. Pierson, referring to certain gifts to the hospital amounting to \$203.50 and directing that this money be turned over to the laundry fund. Mrs. E. W. Brown for the committee, reported that the laundry fund now totals \$1,778.40.

Mrs. O. F. Buffe reported the generous gift of \$50 from the Woman's club. Miss Venner reported additional collections of \$94 and Miss Hadden a check from an unnamed friend for \$10.

As indicated, Chairman Brown with his assistants, T. H. Buckthorpe and H. M. Capps, will keep the campaign machinery in motion during the necessary days of this week and workers are urged to co-operate with them.

The price of Edison Phonographs have increased less than 15% since 1914, and that included the War Tax. It cost Thomas Edison millions in profits he could have made, but he preferred to keep his favorite invention within the reach of all, rather than make the money.

No other instrument gives as much real pleasure in the home as the Edison. It produces real music of every kind, brings Broadway with the latest songs and dances, as well as the greatest Metropolitan Grand Opera Singers right into your home where every member of the family, both old and young, can enjoy it to the fullest extent, and play the music to their heart's desire.

If you would like to make a test of the Edison, call at our store, or phone us and we will show you in your own home.

There are hundreds of Talking Machines, but only ONE REAL MUSICAL INSTRUMENT, and that is the EDISON.

BRADY BROS.

WOMEN WILL ORGANIZE

HARDING-COOLIDGE CLUB
The women of Jacksonville who are interested in the Harding and Coolidge campaign are invited to become members of a Harding and Coolidge club which is to be organized. The preliminary steps will be taken Monday night at the home of Mrs. W. L. Alexander, 857 West State street. The hall at the Alexander apartments affords ample room for a mass meeting of this kind and a large attendance is hoped for by Mrs. Alexander, who is arranging for the conference.

GEORGE WHITE ROLLS ANOTHER PILL-SEES THINGS

Democratic Chairman Says Country Shifting to Cox

INTENSIVE PUBLICITY TO PRESENT TRUTH

NEW YORK, Oct. 9.—George White, chairman of the democratic nation committee, tonight gave his "personal assurance to the country that the tide has swung to Cox and Roosevelt."

Senator Harding's Des Moines speech, "turning his back on our national pledges and ideals, and rejecting the league of nations and all modifications of its covenant," Mr. White's statement said, "proved the turning blow."

"Since then this headquarters has been receiving unmistakable signs of a turn to the democratic candidates which will end in certain victory."

"I never said this before because it did not appear to be true. I say it now because it does appear to be true. If we can collect the money necessary for the intensive publicity required to present the truth, the appearance will become a certainty."

MISSOURI WILL HAVE GOOD CROPS
Jefferson City, Mo., Oct. 9.—Missouri will have an estimated corn crop this year of 227,428,000 bushels, an increase of 52,000,000 bushels over the 1919 yield, according to advance information given out by the state board of agriculture and the bureau of crop estimates on the crop report to be issued Monday.

APPLES
Five varieties for sale after Oct. 15 at Chambers' orchard, Naples.

ARMY PARACHUTE HAS ITS HAZARDS

User Has Sporting Chance With Death—Has Complicated Mechanism.

Washington, Oct. 9.—The mechanism for parachute jumping from airplanes described in a statement of the Army Air Service, disclosed the hazards of the jumper and wherein his feat has a "sporting chance" of ending in death.

"The parachute used by aviators," says the Service's statement, "is folded snugly inside a pack carried on the back. The operator steps off the plane, allows himself a couple of seconds to fall clear of his machine, then pulls a wire depending over his shoulder. This wire opens the spring doors of the pack and releases a small pilot chute some couple of feet in diameter. This pilot spring opens automatically and catching the rush of air, draws the main chute from the pack."

"In the top of the main chute is an automatic vent which, opening to a width of five feet when the big parasol first unfolds, gives the air compressed within a chance to escape and lessens the danger of blowing the chute apart. When the fall has been checked, rubber springs or shock-absorbers in the vent close it in until but a small hole remains."

"At the atmospheric pressure wherein most parachute drops from ordinary altitudes are made the speed attained by the operator in his couple of seconds fall is sufficient to create enough pressure under the pilot chute to cause it when released to yank the big one at once from its pack. Usually the operator is descending at normal speed after the falling less than 200 feet. However, at high altitudes the atmosphere has not sufficient effect on the pilot chute until the operator has fallen a great distance and attained a terrific speed. The shock when the parachute does open is accordingly severe and there is quite a sporting chance of the silk flying into ribbons."

WILL BEGIN PASTORATE
Rev. A. H. Hackley is the new pastor of Bethel A. M. E. church and will preach his first sermon at the local church this morning. Rev. Mr. Hackley comes highly recommended and the outlook for the church is very encouraging.

A CHILDREN'S PARTY.
Mary Jane Dobyns entertained a company of little friends Saturday afternoon at her home on West State street, in honor of her fourth birthday. There were 12 in the party and several hours were spent in playing games that delight children. The refreshments added to the pleasure of the event.

TRIP TO SPRINGFIELD.
A merry quartet left the city early yesterday morning with their faces set firmly to the east determined not to be deflected from their course by any inducement whatever. The capital city they meant to see if the Ford sedan would take them there and there seemed to be no doubt of that so off they went. They took in the sights of the capital and returned home at night well pleased with their experience and declared their readiness to go again. The party consisted of Miss Frances English, chauffeur, Mrs. Harry Mount, chaperone, Misses Louise Lansfield and Clara Cobb.

CAR BURNED.
D. C. Hawk of Winchester recently had the misfortune to have his Essex car destroyed by fire.

LARGE ATTENDANCE AT FARMERS' INSTITUTE
Mindale, Ill., Oct. 8.—More than 1,000 farmers from Tazewell county are in attendance at the institute which convenes here today. Produce exhibits and stock shows are among the features of the institute. Charles Adkins, director of the State Department of Agriculture, addressed the farmers on new methods.

J. H. Brown will leave this morning for Chicago. After a few days business visit in Chicago he will go to Indianapolis to resume his duties as state agent for the Continental Auto Insurance Association. Mr. Brown formerly lived in this city and was employed at the post office.

MANY RECEIVED RED CROSS AID

Organization* Extends Nursing Service Past Year—Adopt Uniform Method of Work.

Washington, Oct. 9.—More than 15,000 American communities received aid during the year ending last June from the Red Cross in the adoption of precautionary methods against disease and disaster or in mitigating suffering caused by either.

The activities of the Red Cross in this endeavor were summarized today in the second of a series of statements, issued from Red Cross headquarters here, outlining the contents of the forthcoming annual report and showing another phase of Red Cross expenditures from funds given by its ten million adult and fourteen million junior members throughout the country.

During the year the Red Cross organized its department of health service; extended its nursing service to meet a growing demand for public health nursing; taught its First Aid to injured courses to thousands; and took the lead in the formation of the world-wide Red Cross Societies, with headquarters in Geneva.

The department of health service, organized and at work during the last seven months of the year, was operating 128 health centers at the end of the year. From these radiated many activities designed to improve the health of a community and to prevent the spread of disease, while 35 Red Cross chapters also engaged actively in disease-preventive work.

The Health Department also had 312 employees, serving at fifty-two public health hospitals, where 30,422 patients received some form of aid from the Red Cross. Fifteen hundred new members of whom 503 were women, were added during the year to the life-saving service, a branch of the first aid to injured department in which a complete woman's corps also has been organized.

For the nursing service, the year was one of transition from military to civil activities. During the war 20,000 graduated nurses were assigned to war service which aided the return to civil life of several hundred. Sick nurses were cared for in a convalescent home, built during the year at a cost of \$16,000.

Enrollment in the nursing service increased from 35,26 to 36,705 during the year, and in an effort to increase the number of qualified public health nurses the national Red Cross and its individual chapters established approximately 600 scholarships at institutions over the country. Class instruction in home hygiene and care of the sick also increased three-fold during the year, the attendance record being placed at 93,093. Two thousand nurses, acting as instructors, had charge of this work. The total expenses of the nursing service were \$129,965, a reduction of \$48,371 over the previous year.

Among the achievements of the nursing department was the adoption by 35 states of a uniform method of work in connection with the Red Cross by which a bureau of public health nursing was instituted under the direction of a state health officer.

The work of the American Society in the world-wide organization was described by the statement as "purely educational," serving to "blaze the trail for the league." Methods already worked out by the American society were adopted as the plan to be followed in all other countries.

THIS SOUNDS GOOD TO US
Budapest, Oct. 9.—The whipping post was instituted in Hungary by a bill just passed by the Assembly. As originally introduced it was meant as a punishment for profiteers, usurers and offenders against the food laws. As enacted, however, this feature is eliminated and it applies only to moral offenders against the army, to state and plots against property.

Springfield, Ill.—The annual convention of teachers, elementary and high schools, from this section of the state will be held here Oct. 14 and 15. Arrangements have been made with the railroads for reduced rates.

COMPLETE HEARIN IN STOCK YARD RATE CASE

Chicago, Oct. 9.—The stock yards wage hearing, in progress for two months before federal Judge Samuel Aitcher, was completed today with the final arguments of attorneys for the men and the packing companies.

Judge Aitcher's decision is not expected for several weeks. The men asked a standard minimum wage of \$1 an hour and the packers opposed the increase, maintaining that present conditions were so unsettled that the income of the packers did not justify increased wages, and that the long expected reduction in the cost of living had now begun.

SUGAR LOANS IN TROUBLE

Havana, Cuba, Oct. 9.—Rumors circulated late yesterday that certain Havana banking institutions were in difficulties because of heavy loans made on sugar when prices for that product were at the high water mark, resulted this morning on runs on the International Bank of Cuba, the Banco Espanol, and led to temporary suspension of payments by the first named concern.

POLICE SAVE MAN FROM LYNCHING

New York, Oct. 9.—Nathaniel Mathias was rescued from lynching at the hands of an infuriated crowd at Brooklyn residents today after Rose Weiss, 1 years old accused the man of attempting to assault her. When police officers arrived on the scene a noose had been adjusted about Mathias' neck and the other end of the rope attached to a telegraph pole.

CAMPAIGN LAUNCHED AGAINST RADICALISM

New York, Oct. 9.—Another lecture campaign against "radical agitation" will be launched in one thousand cities and towns throughout the country by the Knights of Columbus on Columbus Day, October 12. James A. Flaherty, secretary of the organization, said plans said the order did not intend to attack anybody's politics, but to make converts to common sense.

ATTENDED CONFERENCE

Among local Republicans who attended the party conference in Chicago Saturday night were: John J. Reeve, State's Attorney Robinson, Judge H. P. Samuel, Walter H. DeShara, R. Y. Rowe, R. L. Dye, M. L. Hildreth and J. W. Larson.

Mr. and Mrs. John W. Thomas who have been living in Klitson County Minnesota, have sold their farm and returned to Morgan county. They expect to again reside here.

REAL CIRCUS COMING TO JACKSONVILLE

Plans Under Way for Big Performance a Benefit for Firemen's Convention.

Jacksonville is going to have a real circus and it will not be for one day only. The fact is this will be a three day affair, with enough attractions to interest the people for miles around. "Little Barbour, the big booker" was in Jacksonville Saturday and at a conference with Mayor Crabtree, Fire Chief Hunt and others, it was decided to stage a circus performance here in Jacksonville some time early in November, with the preliminary purpose of raising the necessary fund for the entertainment of the state fire chiefs' convention next year.

"Little Barbour" as his name indicates is a theatrical agent and has his office in the Columbia Theatre building in St. Louis. Last year Mr. Crabtree happened to see the banker's circus in St. Louis which Mr. Barbour had provided and when the idea of having a circus in Jacksonville developed, Mr. Crabtree wrote to the St. Louis booker. This is the way Mr. Barbour wrote:

"We put on the bankers circus but the police circus was far superior to that and the one under the auspices of the Ladies' Catho-

lic league here in November will be even superior to that. We have several combinations of people to put on different acts and we can furnish you most any kind of an attraction.

"In the police benefit we provided 33 big acts, including Robinson's elephants, Madame Bedini's 12 horses, the riding Duttons, the Flying Fishers, Beckman-Todd Flying Troupe and others. For the circus here the first week in November, we will use 12 of the best acts out of Ringling Bros., Barnum & Bailey show, and some from the Sells-Floto circus. "If you should arrange for a circus in Jacksonville the second week of November, we could readily use some of the St. Louis attractions for you. My suggestion is that local features should be combined with those you secure from this agency. Every town the size of Jacksonville has persons able to put on acrobatic or other stunts."

Only the preliminary plans have been worked out here and Mr. Barbour is to return at an early date when a local committee will work out the whole plan and arrangements made that will give Jacksonville something new in the entertainment line.

A big tent will be secured, so that even if the weather is unfavorable the big circus acts can be staged. One of the ideas is to work in connection with lodges or other societies and in this way have a number of side shows which will add to the general interest. The experience of other cities where the fire chief's association has been entertained is that the gathering not only brings in a considerable number of delegates but is really beneficial to the city. There are many exhibits of fire fighting apparatus and valuable lessons are given in fire prevention and in fire fighting.

As indicated, only the first steps have been taken toward this community circus, but it's a go and will provide an entertainment program that citizens can enjoy.

SPECIAL NOTICE

FIRE INSURANCE in SAFE COMPANIES

If you own buildings it is as foolish to be without insurance as to go out in bad weather without coat or hat.

LET ME Insure You Now
L. S. DOANE
Farrell Bank Building

REAL COUNTRY HOME

No. 17—Contains 160 acres, located 3 miles from good town and 40 minutes drive in auto from Jacksonville. There is 70 acres of fine pasture land, balance upland, gently rolling, but 15 acres which is too rough to cultivate. On this 15 acres is scattered timber.

Has never failing spring piped to tank for drinking water for stock. Improvements are large and practically new, in fine state of repair, one 9 room house heated by furnace, lighted by electricity; two fine cellars. Smoke house and workshop, two large barns, three good large poultry houses, one large new hog barn with solid concrete floor, with 16 stalls, large implement building, nice garage, all kinds of fruit.

Now if you want one of the best combination farms that is on my list, at a bargain, come and look this one over. This farm has always been farmed by the owner and is in good shape, not a lot of ditches to be filled and a lot of down fencing to repair; all you have to do is to buy it and move in and go to making money.

The farm is right, the location is right and the price is right, which is \$237.50 per acre. The owner will carry back \$20,000 on the farm if the purchaser so desires.

J. A. Weeks
Arenville, Ill.

ILLINOIS AGRICULTURAL ASSOCIATION NEWS LETTER

A meeting of representatives of all dairy cattle breed associations of Illinois has been called by the Livestock Marketing Department of the Illinois Agricultural Association to discuss a plan of establishing a central official testing company or companies. At present each breeder does his own testing for milk and butter fat records. The plan to be discussed is the organization of a stock company which would run a farm where breeders could ship their dairy cattle for official testing.

Such a company would afford an opportunity for breeders to have records made by competent men employed by the company. This service would be of great value to small breeders who do not have suitable facilities for making official tests. The meeting will be held at the Agricultural Association offices, 130 North Wells St., Chicago, at 9:30 a. m., central time, October 11. All breeders of dairy cattle are welcome.

National Livestock Marketing Conference.

Representatives of all farmers organizations in the middle west interested in the marketing of livestock will meet at Congress Hotel, Chicago, October 8 to discuss the question confronting the livestock industry. The call is being made by the American Farm Bureau Federation, at the request of a meeting of all organizations in a similar grain marketing conference in Chicago, July 23. The advisability of establishing farmers' cooperative commission firms at stock yards will be one of the topics. The paramount question before the livestock men is the stabilization of markets. The county, state and national organizations invited are Farmers Unions, Equities, Granges, Farm Bureaus, Livestock Shipping Associations and other Livestock Associations and Exchanges.

To Stabilize Grain Markets.

To work out a system of Co-operative grain marketing for the whole country that will stabilize supply and prices, the committee of seventeen, representing all former organizations of the United States, will hold their first meeting in Chicago October 4. Stabilized markets is the most talked of farm subject today, and all agriculture is watching this committee. The appointment was made by J. R. Howard, President of the American Farm Bureau Federation at the request of all organizations in a marketing conference in July.

Opportunity For Purebred Livestock.

Illinois Survey Shows More Grade and Scrub Sires Than Registered.

There are as many or more livestock breeders of Illinois using grade and scrub sires than purebred, registered sires according to the livestock survey figures carried on by the Illinois Agricultural Association and County Farm Bureaus. The figures from the first six counties of the survey shows reports from 3,878 farms. On these farms there are 519 registered bulls as against 703 grade bulls, 564 registered boars with 458 grades, 70 registered rams as compared with 115 grades and 85 registered stallions and 46 grades. If these counties are an average of the condition in all counties of the state, there is a prospect market for 11,716 bulls, 7,600 boars, 1,916 rams and 766 stallions.

The circuit of hog and cattle sales are in full swing now and will continue until the middle of November. The most popular breeds will average a sale a day. Breeders of pure bred stock are finding difficulty in marketing their surplus sires at a profit. H. W. Mumford, Director of the Livestock Marketing Department of the Agricultural Association says there never was a time when breeders should pay so much attention to their local trade. "Too little attention has been paid to this home neighborhood trade in the past. High prices of registered stock the past few years has discouraged the use of pure bred sires on market flocks and herds."

"The fundamental reason for pure bred livestock is to improve the common stock of the country, to make them more profitable from the feed lot standpoint," says Mr. Mumford. "If pure bred sires are fulfilling their function, there are two pure bred sires being used. It has been several years since farmers have had as good an opportunity to purchase pure bred sires as this fall. If farmers do not take advantage of this, they are losing a great opportunity."

On 407 farms in Brown county there are 59 grade or scrub bulls and 5 pure bred or registered bulls, 68 grade and 52 registered boars, 19 grade and 8 registered rams, 5 grade and 6 registered stallions.

The survey in Mason County includes 492 farms. There are 73 grade and 54 registered bulls, 66 grade and 57 registered boars, 3 grade and 2 registered rams, 8 grade and 9 registered stallions. Farther south in Effingham County there are 74 grade and 77 registered bulls, 13 grade and 28 registered boars, 6 grade and 5 registered rams and 7 registered stallions. This survey is on 401 farms of the county.

The Hancock county survey on the west side of the state includes 1,221 farms. There are 290 grade bulls and 140 registered, 174 grade and 180 registered boars, 46 grade and 23 registered rams and 13 grade and 29 registered stallions. Hancock is one of the important feeding counties. The survey shows 18,756 cattle on these farms this year.

Macon County, in the heart of the corn belt has 73 grade bulls and 47 registered on the 492 farms surveyed. It has 30 grade and 54 registered boars, 9 grade and 6 registered rams and 11 grade and 5 registered stallions. McDonough is another one of

the important feeding counties of the state. The survey was made on 865 farms. There are 134 grade and 143 registered bulls, 105 grade and 193 registered boars, 32 grade and 26 registered rams and 9 grade stallions as compared with 29 registered.

The County Farm Bureaus and Illinois Agricultural Association are making surveys in most all counties of the State.

Farmers Agreement With Veterinarians.

At a meeting of presidents and Farm Advisers of 27 Illinois County Farm Bureaus at the Illinois Agricultural Association office in Chicago on Sunday, the agreement between the Agricultural Association and the Illinois Medical Association, in regard to immunization of hogs was discussed. This agreement is intended to eliminate commercializing serum, to get the work done at a reasonable price, to encourage the competent qualified veterinarian and to put the unscrupulous crook out of business. A resolution was passed by the Farm Bureaus backing up the I. A. A. in their agreement.

Farmers Are Organizing.

The membership of the 86 County Farm Bureaus and their state organization, the Illinois Agricultural Association is now 99,302. Douglas county added 324 new members, making a total of 1,026. Marshal-Putnam has added 414 new members making a total of 1,214. Effingham county has added 73 new members in a clean-up campaign making a total of 648 and the campaign in Brown county has netted 778 joint members up to this date. The latest report from Platt county shows 45 new members, making their membership 937.

Deaths

Mrs. Julia Spencer Hatten.

Word has been received in this city of the death of Mrs. Julia Spencer Hatten Friday night at 11 o'clock at her home in Mason City, Iowa. The remains will arrive in this city for burial, on Sunday, coming by way of Chicago.

Stockton.

The death of Jacob Henry Stockton occurred at his home near Sinclair Saturday afternoon at 1:40 after an illness of three weeks.

The deceased was born in Morgan county on March 17, 1842. He is survived by his wife and five children: Jeff Stockton and Mrs. Charles Ausmus of Jacksonville, Mrs. Fred Alexander of Kansas, Sandy Stockton of Oklahoma and William Stockton at home. He was a member of Hebron church. Funeral services will be held from Hebron church Monday morning at 11 o'clock, interment taking place in Hebron cemetery.

MARKHAM

William Willard and wife visited relatives in Winchester Sunday.

Glen Stanley and wife and Arthur Vorhes and wife spent Sunday in Chapin. Mr. and Mrs. Reams accompanied them home remaining until Monday evening.

The road from Markham to Jacksonville and that from the cross roads past the residence of Philip Clary received a coating of oil this week and have been closed for travel for a few days.

Mrs. John Boddy spent the day Tuesday in Jacksonville. Marshall Stout and wife moved to Chapin last week. We are sorry to lose this estimable family.

Louis Perbix purchased a Ford sedan this week. Miss Ethel Klothe of Piper City is visiting Mrs. Scott Holmes. Mrs. Douglas Hunt and little son returned home from Passavant hospital Monday.

Another shipment of Eastern Pattern Hats received, and will be on sale this week at HERMAN'S.

PREACHED FUNERAL AT PATTERSON

The Reverend W. R. Johnson went to Patterson Saturday afternoon to officiate at the funeral services of Mrs. George Lee at 2:30 o'clock. The death of Mrs. Lee occurred at Roodhouse. Interment was in the Edwards cemetery near Patterson.

A nobby line of plaid skirts, very reasonable, at HERMAN'S

ADD CLUBS AND SOCIETIES

The Woman's Missionary society of First Baptist church will meet with Miss Elizabeth Stevenson Thursday afternoon at 2:30 o'clock. A full attendance is desired.

ALL THE LATE NEWS OF THE SPORT WORLD

Hornsby and Sisler Batting Champions

CHICAGO, Oct. 9.—Roger Hornsby, the St. Louis star, won the 1920 batting championship of the National League with an average of .370 according to final unofficial averages released today. Hornsby participated in 149 games and cracked out 218 hits for a total of 323 bases. His hits included 43 doubles, 19 triples and 8 home runs.

Nicholson, who started the season as pinch hitter for Pittsburgh and then became a regular outfielder, played in 99 games and was the runner-up to Hornsby with a mark of .362, while Young, of New York, in 153 games, acquired an average of .365 to third place.

Brooklyn, which won the pennant, finished the season with four batters in the "300" class. They were: Z. Wheat with .328, Konechny, .308, Grimes, .306 and Myers .303. In team batting Brooklyn was tied with Cincinnati for second place with an average of .277, while St. Louis topped the clubs with .288.

Max Carey, the fleet footed Pittsburgh outfielder, finished the season with a record of fifty one stolen bases, Roush of Cincinnati and Frisch of New York being his closest rivals with thirty-five thefts each.

Cy Williams of Philadelphia was given a close race for home run honors by his teammate, Meusel, the former banging out 15 while the latter made 14.

Other leading batters: Roush, Cincinnati, .337; J. Smith, Cincinnati, .329; Z. Wheat, Brooklyn, .328; Williams, Philadelphia, .324; Eays, Boston, .324; Stok, St. Louis, .319; Hollister, Chicago, .318; Daly, Chicago, .311; Meusel, Philadelphia, .308; Wontch, Brooklyn, .308; See, Cincinnati, .306; Fournier, St. Louis, .306; Daubert, Cincinnati, .304; Myers, Brooklyn, .303; Flack, Chicago, .300.

The American League season ended with thirty-nine batters hitting .300 or better, and to George Sisler, the phenomenal St. Louis first-baseman, went the honors of topping the list. Sisler finished with an average of .407. In 154 games he cracked out 257 hits for a total of 399 bases, which included 49 doubles, 18 triples and 19 circuit drives. He also tied Tris Speaker, manager of the Cleveland Indians, for second place in the number of runs scored, having registered 137 times, and gave Rice of Washington a close race for the stolen bases. Rice led the league with 58 thefts while the St. Louis star pilfered 41.

Tris Speaker, in addition to piloting the Indians to the league

championship played in 150 games and was the runner-up to Sisler, with an average of .385, two points in front of Joe Jackson, the White Sox slugger, who up to the time of his suspension for his part in the "baseball scandal" had hit for an average of .382.

"Babe" Ruth of New York, who proved to be the big star of the league thru his ability to slam out home runs, wound up in fourth place among the batters with an average of .375, with Eddie Collins, captain of the Chicago White Sox, behind him with .371. Ruth, who set a record of 5 home runs, also brought the record for runs scored in a single season in the league up to 158.

The Cleveland club, which won the pennant, had ten men, including Chapman who was killed, in the .300 class. Besides the deceased shortstop, the leading Cleveland batters were: Speaker, .385; Evans, .355; Uhl, .344; Nunamaker, .333; Sewell, .329; O'Neill, .321; Jamieson, .318; E. Smith, .316; Gardner, .308.

St. Louis topped the league in team batting with an average of .307 while Cleveland was second with .302 and Chicago, third with .295.

Other leading batters: Jacobson, St. Louis, .355; Evans, Cleveland, .355; Uhl, Cleveland, .344; Rice, Washington, .340; Tobin, St. Louis, .339; Felsch, Chicago, .339; Murphy, Chicago, .339; Judge, Washington, .333; Nunamaker, Cleveland, .333; Weaver, Chicago, .331; Meusel, New York, .329; Cobb, Detroit, .329; Sewell, Cleveland, .329; Dugan, Philadelphia, .324; Brewer, Washington, .324; Milan, Washington, .323; Hendrix, Boston, .323.

Del Gainer of Milwaukee tops the batters in the American Association with an average of .356, altho he played in only 37 games. Grover Hartley of Columbus was the best batter among the regulars, having made an average of .351 in 80 games.

Dressen of St. Paul registered more runs than any other player in the league. He counted 131 times for his club. Most of Milwaukee was his closest rival for scoring honors with 125 tallies.

Bunny Brief of Kansas City and Bubbles Hargrave of St. Paul put up a nip and tuck race for home run honors, but the Kansas City slugger nosed the St. Paul catcher out by one circuit drive. Brief cracked out 23 while Hargrave slammed 22.

Dressen in addition to being the best run getter nosed out Rapp of St. Paul for the honors in base stealing. Dressen stole 50 bases while his rival negotiated 49.

VALPARAISO GIVES HARVARD RATTLE
Cambridge, Mass. Oct. 9.—After holding Harvard well away from the goal line for two periods, Valparaiso weakened today and the Crimson scored three touchdowns by good line plunging. Harvard and Owen and long runs by Churchill and Hamilton.

The first score came in the third period, when Churchill dodged thru half the Valparaiso team and ran 20 yards to the goal line.

PRINCETON SWAMPED UNIVERSITY OF MARYLAND
Princeton, N. J., Oct. 9.—Princeton's football team swamped the University of Maryland today. The final score was 35 to 0. Don Lourie, Princeton's quarterback, was the individual star, making two touchdowns on runs from the Princeton 30 yard line.

PIITTSFIELD SCORES
At the beginning of the second quarter Pittsfield pushed the ball over for a touchdown. Goal was kicked, making the score Pittsfield, 7; Jacksonville, 0. The ball passed back and forth several times during the quarter when the half ended the ball was in Jacksonville's possession.

Pittsfield kicked to Jacksonville at the beginning of the second half. Jacksonville started a steady march down the field with line plays and end runs and soon had the ball on Pittsfield's three yard line. The visitors braced and took the ball on downs.

The teams were fighting desperately at this time and neither seemed to be able to make much headway, punting being frequent. Jacksonville got the ball just before the end of the third period and carried it down to the one yard line when with two inches to go Pittsfield held and took the ball. Twice more Jacksonville threatened and then Pittsfield got her second wind and carried the ball out of danger. Just before the final whistle Jacksonville took the ball on downs. The line-up:

Jacksonville: Lewis, le; Gard, lt; E. Arnold, rg; Hackett, c; H. Cockin, rg; Bray, rt; Reynolds, re; Alexander, qb; Hunt, lb; H. Cockin, rh; Arter, rb.
Pittsfield: Davis, le; Koepfing, lt; Niccum, rg; Coley, c; B. Cowthron, rg; Delbow, rt; R. Cowthron, re; King, qb; Dooley, lb; Plattner, rh; Walsh, rb.

Time of periods 12 1/2 minutes; Referee and Umpire, Larson, Mo-line High; Headlinesman, Frazer, Illinois College; Timers, Schaefer, University of Chicago; Plattner, Illinois College.

BIG DANCE
Peacock Inn, Wednesday evening, Oct. 16. Dunlap orchestra. Everybody cordially invited.

NOTICE BALL FANS
Today's game at Cleveland starts at one o'clock, Jacksonville time.

PIITTSFIELD DEFEATS JACKSONVILLE HIGH

Locals Lose Hard Fought Game By Score of 7 to 0—Locals Carry Ball to Shadow of Pittsfield Goal Twice—Lacked the Punch.

In a bitterly fought contest in which Jacksonville lost the services of Alexander, star quarter, Jacksonville went down to defeat before Pittsfield high on Illinois field Saturday afternoon.

The final score was 7 to 0 in favor of the Pike county aggregation, but it does not begin to tell the story of how bitterly both teams fought for victory. Pittsfield presented a veteran and well balanced team and one which will give any team in this part of the state an argument. The men run their plays with precision and run hard and low. The visitors' backfield was heavy and fast and the locals found it a difficult matter to stop these plunging backs who not only ran with speed but had weight back of them.

Alexander Starred Contest.
For Jacksonville Alexander was easily the star. In fact, he was the star of the afternoon regardless of teams. Time and again he carried the ball over the line thru the Pittsfield line, or dodged around the ends. In the final quarter with but thirty seconds to play he was tackled and sustained an injury to his left leg and had to be carried off the field.

Hackett at center, played his best game so far and broke up many plays for Pittsfield. Coach Mitchell's squad showed greatly improved form over that displayed in the Hannibal contest. Their only weakness seemed to be in high tackling. Had the men tackled low it is probable they would have prevented the Pittsfield score.

On the defense, Bray, Gard, Hunt and Lewis did good work while on the offense aside from Alexander, Hackett, Hunt and Arter carried the ball well. Jacksonville kicked to Pittsfield at the beginning of the game. After a few attempts at the line Pittsfield attempted a forward pass which Hunt intercepted.

The locals could not gain and kicked. After several exchanges Pittsfield took the ball and by a series of end runs and line plays with a forward pass had the ball down to Jacksonville's one yard line when the quarter ended.

At the beginning of the second quarter Pittsfield pushed the ball over for a touchdown. Goal was kicked, making the score Pittsfield, 7; Jacksonville, 0. The ball passed back and forth several times during the quarter when the half ended the ball was in Jacksonville's possession.

Pittsfield kicked to Jacksonville at the beginning of the second half. Jacksonville started a steady march down the field with line plays and end runs and soon had the ball on Pittsfield's three yard line. The visitors braced and took the ball on downs.

The teams were fighting desperately at this time and neither seemed to be able to make much headway, punting being frequent. Jacksonville got the ball just before the end of the third period and carried it down to the one yard line when with two inches to go Pittsfield held and took the ball. Twice more Jacksonville threatened and then Pittsfield got her second wind and carried the ball out of danger. Just before the final whistle Jacksonville took the ball on downs. The line-up:

Jacksonville: Lewis, le; Gard, lt; E. Arnold, rg; Hackett, c; H. Cockin, rg; Bray, rt; Reynolds, re; Alexander, qb; Hunt, lb; H. Cockin, rh; Arter, rb.
Pittsfield: Davis, le; Koepfing, lt; Niccum, rg; Coley, c; B. Cowthron, rg; Delbow, rt; R. Cowthron, re; King, qb; Dooley, lb; Plattner, rh; Walsh, rb.

Time of periods 12 1/2 minutes; Referee and Umpire, Larson, Mo-line High; Headlinesman, Frazer, Illinois College; Timers, Schaefer, University of Chicago; Plattner, Illinois College.

WORLD SERIES NOTES.

CLEVELAND, O., Oct. 9.—"Doc" Johnston, the Cleveland first baseman was presented with a seven passenger sedan just before the start of the game, the presentation was made at the plate with members of both clubs gathered around. Tris Speaker, the Indians' manager received a huge floral house shoe from the Cleveland fans.

Seven thousand fans stood in line, braving the chill of the early morning when the 9,000 general admission tickets were placed on sale at 9:30 o'clock. Half an hour after the sale opened, every seat was taken.

Edward Fox of Vermont, who stood at the head of the line for twenty hours, was the first fan to enter the park.

Prices ranging up to \$20 were offered the first 18 in line for the general admission tickets.

Former Mayor Davis pitched the first ball. It was a mile wide but the umpire generously called it a strike.

The crowd that jammed every inch of league park was one of the noisiest in the world's series history. Cow bells, automobile horns and other noise-making devices were used to make ear splitting racket.

In the second inning Steve O'Neill, the Cleveland catcher, attempted to duck a high pitched ball and it accidentally hit his bat, the ball going thru Johnston for a single. That ended Cadore. Mammaux went to his rescue.

Ticket scalpers reaped a golden harvest in the hotel lobbies before the game. Seats with face value of \$6.60 sold as high as \$50. And the fans begged for them at that price. Several arrests were made.

Jimmy Johnston made the first hit of the game for Brooklyn in the fourth. It was a single to left. Griffith, the next man up, doubled to right, scoring Johnston.

Joe Sewell, the recruit shortstop with Cleveland, was 22 years old today and he did considerable celebrating. He played a spectacular game in the short field where Ray Chapman used to hold forth, fielding brilliantly and with excellent judgment. He figured in a double play and narrowly missed a second. He also got two of the Indians' 12 hits.

Myers, the Brooklyn center fielder played a sensational fielding game. He made the first double play of the game. In the fourth he made a thrilling running catch of Evans' fly, falling as he caught the ball just off the ground. He turned a complete somersault, but managed to hold on to the ball.

SPEAKER'S INDIANS MASSACRE ROBINS IN FOURTH GAME

(Continued from Page One.)
The Indians got away to a two run lead in the first inning, touching Cadore for a brace of hits and coaxing one pass. After Jamieson lined out to Cadore, Wambasgans drew a pass and went to second when Speaker drove a slashing single to center. Wambasgans scored a minute later on Smith's single to center and Speaker went up to third. On the return throw which failed to get Speaker, Smith raced to second. Speaker scored the second run on Gardner's sacrifice fly.

In the third, Cleveland jammed through two more runs, Wambasgans opened with a single and took second on Speaker's second drive to center. Manager Robinson of the Dodgers sent "Rube" Marquard to the rescue. Burns, pinch hitting for Smith, hit a single to left on which Wambasgans and Speaker scored.

The Dodgers were never dangerous except in the fourth when they bagged their only score. After Olson had fled to Speaker, Johnston smashed a single into left for Brooklyn's first hit of the game and an instant later raced home when Griffith crashed a long hit into right for two base.

Cleveland scored its final run in the sixth after two men were out. With Pfeffer pitching, Coveleskie bounced a single to center and went to second on a wild pitch. Evans singled to right, sending Coveleskie to third. Wambasgans followed with a single, scoring Coveleskie.

Analysis of the pitching records in today's game places the credit for Cleveland's victory with Coveleskie for his remarkable hurling and the blame for Brooklyn's defeat on the wildness of the quartet of pitchers used by the National league champs.

There was little to choose in the work of the Brooklyn pitchers. The four men—Cadore, Mammaux, Marquard and Pfeffer—pitched 148 times. Sixty-one were balls, 39 strikes, 14 foul strikes, three fouls, 11 men were retired on flies, 8 on grounders and 12 hits.

The official attendance and gate receipts for the fourth game of the world series as announced here tonight by the National Commission show that 25,734 spectators paid admission to see the Cleveland American even in the series against the Brooklyn Nationals. These spectators paid \$79,361 of which \$7,936.10 was set aside for the national commission; \$42,854.94 for the players and \$28,569.96 for the club owners.

LOMBARD DEFEATS ILLINOIS COLLEGE

Blue and White Team Loses First Game by Score of 21 to 7—Lombard Had It On Illinois in Condition.

Playing her first game of the season Illinois College went down to defeat before Lombard at Galesburg Saturday afternoon. The final score was 21 to 7. Before the game Coach Harmon protested Murphy because he was said to have played with a professional team at Macomb last Sunday.

Lombard was playing her third game and in addition to playing good ball had it on Illinois in condition and stamina. The Illinois men were compelled to play fifteen minute quarters and could not stand the graft on such a hot day. Had Illinois had a couple of games or even one game back of her she would have won Saturday.

In the first period Illinois played rings around Lombard and several times carried the ball to within striking distance of a touchdown. However, the old punch was lacking and she could not put the ball over.

Both teams battled on even terms until near the close of the second period. Then Lombard with but one minute or two to play shoved over a touchdown and kicked goal.

Lombard also made a touchdown in the third period and one in the fourth period.

In the fourth period Illinois came suddenly to life and played some real football. With a bunch of substitutes in the lineup Illinois carried the ball inside the five yard line and were held for downs.

Lombard kicked out of danger but Illinois carried the ball right back again and was again held. This time Lombard's kick was blocked and Fanning fell on the ball back of the line for a touchdown. Andrew kicked goal.

Illinois while showing some good football in spots did not play the game she is capable of playing. Cully was the most consistent player on both offense and defense.

The rest of the men played brilliantly at times and then fell down on the job. Neither Coach Harmon nor the men are discouraged and expect to win the remaining games on the schedule. The lineup: Illinois—Fanning, le; Ifner, lt; Gunn, lg; Fedling, c; Andrew, rg; Reid, rt; Davis, rg; Cully, (captain) qb; Jones, lb; Barnes, rh; Locke, lb.

Lombard—Swanson, le; Murphy, (captain) lt; Munson, lg; Yard, c; Brachmueller, rg; R. Anderson, rt; Flink, re; Hannen, qb; Rainey, lb; Hess, rh; Smith, lb.

Substitutes—Illinois: Weber for Gunn; Smith for Davis; Ferreira for Locke; Scott for Jones; Thurmon for Barnes. Lombard: Deters for Swanson; L. Anderson for Munson; V. Smith for Yard; Fredrick for R. Anderson; Rosenquist for Hess; Olson for Flink. Touchdowns—Smith, 2; Hess, 1; Fanning, 1.

Length of periods, fifteen minutes. Referee, Bridge, Knox. Umpire, Young, Galesburg Y. M. C. A. Head linesman, Keithley, Lake Forest.

ILLINOIS HAS EASY TIME WITH DRAKE

URBANA, Ill., Oct. 9.—Straight old fashioned football gave Illinois a 41 to 0 victory over Drake this afternoon. The visitors made only four first downs during the battle, while Illinois gained consistently by plunges thru the center and sweeping end runs.

The first touchdown was made by Bob Fletcher after straight line bucks by Crangle, Walquist and Peden had carried the ball to the five yard line. "Swede" Helstrom made two exceptional runs, both for about 60 yards. Illinois put an entirely new team in the field after the first half.

WISCONSIN DEFEATED MICHIGAN AGGIES
Madison, Wis., Oct. 9.—Wisconsin defeated the Michigan Aggies today, 27 to 0, altho the visitors put up a spectacular defense.

It was not until the second half that the Badgers were able to break thru the Aggies' line, the first touchdown being made on a long pass in the first quarter.

With the opening of the fourth quarter, the Aggie line gave way, clever dodging and free passing giving Wisconsin a touchdown in three minutes of play.

CHICAGO DEFEATED PURDUE, SCORE 20 TO 0
Stagg Field, Chicago, Oct. 9.—Chicago inaugurated its gridiron season with a 20 to 0 over Purdue here today. Inability of the boiler-makers' backs to handle punts paved the way to ooth Maroon touchdowns. Three fumbles by Purdue, followed by a forward pass, Cole to Crisler, netted the Maroons their first touchdown in the second period. The boiler-makers' defense went to pieces in the final period and the Maroons added two more touchdowns.

YALE WINS FROM NORTH CAROLINA, 21-0
New Haven, Conn., Oct. 9.—Yale won its game with the University of North Carolina this afternoon, 21 to 0. Yale played in about the same form as a week ago. The visitors once carried the ball down the field to Yale's ten yard line where it was lost on a fumble.

CLOSING OUT SALE
Of livestock, grain and implements, Oct. 15. J. H. Lemon, Nortonville.

"SAUCY DOLL."
"A Saucy Doll" which the Milton Schuster Musical Comedy company will offer for their opening play when they begin a week's engagement at the Grand theater starting Monday, Oct. 11, overflow with song, dance and scenery, hitting tunes, fascinating lyrics, funny comedians and beautiful girls make "A Saucy Doll" a riot of fun. Plays will be changed daily and during the week "The Love Bug," "Gay Monte Carlo," "Make Yourself at Home," "Fun on the Campus," "Honey Moon Limited" and "Broadway Follies" will be offered, each with elaborate scenic investiture and beautiful costumes.

REAL ESTATE TRANSFERS
Alice Scott to Quin Johnson, lot 19 A. W. Stewart's addition, \$850.

GOPHERS OUTCLASSED BY NORTHWESTERN

It was a Hard Blow to Minnesota as They Have Been Considered as One of the Strongest Teams in the Western Conference.

Evanston, Ill., Oct. 9.—Minnesota's Big Ten championship hopes were dashed today when Northwestern's eleven, entering the contest with odds against him, dazed the Gophers defense with a varied aerial attack and scattered their offense at every critical stage, winning 17 to 0.

It was a startling upset for expert observers of Big Ten conference football, for Minnesota, with her vaunted back field and a line deemed equal to any foe, was picked as one of the strongest contenders for premier gridiron honors of the conference.

Except for the first period and occasional spurts in the second session, the Minnesotians were completely outclassed in every phase of the game, with the possible exception of individual brilliancy as shown in the performance of Half Back Oat.

Puncture-Proof with Every Cord-Quality

LEE Cord Puncture-Proofs are the only cord tires that can win an argument with steel.

Let the thinnest, toughest, sharpest nail or stoutest spike try to pierce the triple thickness of steel discs. They cannot pass. Your tube is safe. The cord construction is uninjured. Not a cord cut or weakened, for the steel discs are placed between the cords and the tread.

For eighteen months Lee Cord Puncture-Proofs

tire-Proofs were subjected to the severest tests before being offered to the public. They were everything that a cord tire should be—not a single cord quality had been sacrificed to make them puncture proof.

Let us show you the quality and construction of this remarkable tire.

Farm Bureau Notes

Conference About Corn Husking Price—In several of the counties, the farmers have met and agreed upon a fair price to offer for corn husking this fall. With corn down to pre-war levels it is only reasonable and fair to expect a lower charge for corn husking. In one or two counties they have agreed to pay 5c per bushel and board the huskers or 6c per bushel and let the huskers board themselves. Macon County invited a State wide conference at their Farm Bureau headquarters Saturday, to consider the matter of uniform price for the state, so as not to occasion a big shifting of transient labor. We shall not attempt to forecast the outcome of that conference, but undoubtedly the price of corn husking will come down to a lower figure. Incidentally the delegates will get to see Macon County's fine farm bureau home and will carry back to their counties impressions of

this home that will lead to action for similar quarters in other counties.

Ladies Attend Poultry Culling Demonstration—In the demonstration at H. W. Dinwiddie's, T. H. Stone's and Emory Thady's, there was a general turnout of ladies interested in learning how to cull poultry and get rid of the slacker hen. Practically every one present got into the game, had their hands on the chickens and learned how to cull. In every community we heard quiet rumors of some people who did not believe there was anything to this culling and thought the County Agent and the farm bureau was a needless piece of machinery. However, those who attended these demonstrations were of the live wire type who will ultimately be the means of getting some new ideas into the heads of the moss backs and doubting Thomases. A poultry culling demonstration is no job for a thin-skinned man.

Combination Pure Bred Sales—The pure-bred sales by the Morgan County Duroc Breeders Association on October 12th and that of the Poland-China Breeders on October 29th, will be characterized by strictly good offerings. There is no disposition on the part of any consignor to work off culls. In fact the entire spirit of all the conferences has been to make these combinations worthy of the attention of the most particular people in Morgan and surrounding counties. In the opinion of a good many men whose opinions are worth while this is a good time to improve one's breeding stock. Some very careful business men say, "Buy when everybody wants to sell, and sell when everybody wants to buy." We predict a very good showing in prices at both of these sales.

Lester Reed Is Not Nervous—Mr. Reed's reputation as a breeder extends beyond the boundaries of his own county. He advertises widely and deliveries and presents stock at his sale that is all the advertisements leads one to expect. He has had some bad sales, but has taken his medicine without any croaking. When asked concerning the prospects about October 12th, the date of his annual sale, Mr. Reed was very optimistic as to the outcome. It is certainly a pleasure to meet a breeder who believes in his work and product and has faith in the outcome, even when sales have been going a trifle slow.

Pre-War Prices—We have hit the level in corn, oats, and cattle but not in the meat that is sold over the counter in wool, but not in the manufactured cloth, in automobiles, but not in the gasoline and oil, in hides, but not in the shoes. We could mention a great many other inconsistencies that still confront the public but we have suggested enough places for reform for a Sunday morning paper. The farmers as a body are justified in asking business men to come to pre-war levels in the matter of prices or else themselves go decidedly slow in the buying game until a fair adjustment in prices is made all the way around. The farmers ought to go and will go as far in this period of readjustment as any one, but he ought not and will not go alone. The whole brotherhood of men ought to meet the issue equally.

All Seed Sold to Farmers Must Be Tested—There seems to be considerable mis-understanding in regard to our State Seed Law. The law defines clearly that everyone who sells seeds in the state of Illinois to a farmer must first have the seed tested for purity by a representative of the department created for this purpose. Farmers may sell seed to a dealer without first having it tested, but the dealer must have it tested before selling it to farmers in this state. There is no charge for making the test.

Any farmer who plans to sell his clover or similar seeds to another farmer should collect a sample and send to Albert C. Wilson, Seed Analyst, Department of Agriculture, Springfield, Ill., or send sample to the farm bureau office and we will send the sample in for you. It is very important that everyone who proposes to retail seed should have it tested, because if one farmer purchases seed from another without first having this seed tested, considerable risk is being taken, even tho it is being sold to a good neighbor and friend. One can never tell what the future will bring, and if the said seed all "turns to cheat" it might be rather difficult to convince the farmer who bought this seed, that it was free from bad weed seeds.

Furthermore, this State Law is for the protection of the farmers. Every seed dealer must abide by it and every producer of farm seeds who expects to retail seed should also carry out this simple requirement.

Illinois Woman's College announces the following artists who will appear in the series of 1920-21:

Margery Maxwell, Soprano Chicago Grand Opera Company, October 29. Lyle Barbour, pianist.

Augusta Cottlow, pianist, December 6.

Louis Kreidler, Baritone, Metropolitan and Chicago Grand Opera Companies, January 17, 1921.

Clarence Thompson made a trip from Arcadia to the city yesterday.

The price of Edison Phonographs have increased less than 15% since 1914, and that included the War Tax.

It cost Thomas Edison millions in profits he could have made, but he preferred to keep his favorite invention within the reach of all, rather than make the money.

No other instrument gives as much real pleasure in the home as the Edison. It produces real music of every kind, brings Broadway with the latest songs and dances, as well as the greatest Metropolitan Grand Opera Singers right into your home.

There are hundreds of Talking Machines, but only ONE REAL MUSICAL INSTRUMENT, and that is the EDISON.

BRADY BROS.

STOCK JUDGING CONTEST

Urbana, Ill.—A stock judging contest, preparatory to selecting a team to represent the state at the International Live Stock show at Chicago will be held at the State College of Agriculture here on November 17.

Vocational departments of agriculture in High schools all over the state may send teams of three members with one alternate as delegations to the contest here.

According to J. E. Hill of the State department, this should be considered more in the light of an educational trip rather than as a contest, for while more than 50 teams are to come here, only one can be sent to the International show at Chicago.

Just received a car of white shorts. Brook Mills. Bell phone 61. Illinois 786.

Make Your Kitchen The Coziest Corner In Your Home

HAVE you observed that a clean, comfortable, well-equipped kitchen is always the most popular room in the home? This handsome Leonard Hi-Oven Range will help make yours that kind of a kitchen—the kind of kitchen that will lighten Mother's endless household tasks and make them a pleasure—a delightful corner in which to spend the evening when the family is alone.

The Leonard heater type body keeps the kitchen floor warm and makes it a safe place for the youngsters to play. It heats an additional room or two with the fuel that does the cooking and baking and saves the use of an extra heating stove.

It is making one scuttle of coal do the work of two in hundreds of homes—it will do the same in yours. Why not let the saving in fuel pay for your Leonard range?

You'll want to know more about this modern, labor-saving range—the shoulder-high oven that eliminates stooping and makes baking a pleasure—the saving in floor space—the saving in fuel—the quick-heating ventilated oven—the handsome design and finish.

There is just one place you can find the Leonard Hi-Oven Range—we have exclusive sales rights for this territory. Don't fail to see it—you'll find it costs no more than a high grade range of the ordinary low-oven type.

FORDSONS CAN BE KEPT BUSY

The Fordson Tractor can be kept busy every day in the year. Plowing and operation of the tillage and seeding implements is but a start on what can be accomplished.

However, the Fordson can pay for itself with these operations alone. By getting the seed bed in shape and the seed sown at the proper time, the Fordson is responsible on many farms today for from ten to fifteen bushels more to the acre.

Mechanical power on the farm, that's what the Fordson Tractor means, and it gives not only power to do everything for which horse power is now used, but a great deal more.

On the grain separator it makes the farmer independent of the custom thresherman who may come after your grain has spoiled; with the hay baler it allows the farmer to keep his hay in best market condition; pulling the silage cutter it permits the cutting of ensilage at the proper time.

The Fordson pumps the water, operates the lighting plant, grinds the feed for the stock and is an all sufficient power plant on the average farm.

There's no reason why some use cannot be made for the Fordson practically every day of the year. The more the Fordson is used the more value it is. Also when it is not being used it costs nothing.

Fordson power farming is the only practical farming now.

We are ready to take care of your every need.

LARGE SUMS ADDED TO EDUCATION COSTS

Figures Show Increases That Have Come in Recent Years—State Tax Rate Decreased.

Springfield, Ill., Oct. 9.—In preparation for the fixing of the state tax rate by the tax levy board in December, estimates are being prepared on the probable cost of the operation of the state government and the income from every source. In this connection it is found that while the amount of taxes required to be levied for general revenue purposes has constantly decreased, the amount levied for the educational system of the state has grown enormously.

From every dollar collected in taxes in 1918 on the levy of 1917 a little over 70 cents went into the revenue fund, which is used for general state purposes. From every dollar collected in 1919, 62.3 cents went into this fund, while only 35 cents from each dollar was used in this way from the taxes collected in 1920.

On the other hand, the amount of money turned into the school fund from every dollar of taxes increased from 17 1/2 cents on the taxes collected.

A like increase is shown in the amount of money raised for the University of Illinois. From every dollar collected in state taxes in 1918, 11 and a fraction cents went into the University of Illinois fund. This increased to 13 1/2 cents in 1919 and to over 16 cents in 1920.

In other words, since 1917, there has been an increase in the amount of tax receipts used for educational purposes from a little over 23 1/2 cents on the dollar in 1918 to 57 1/2 cents in 1920. Thus the amount of taxes used for general revenue purposes is only half as much as in 1918, while the amount raised for educational purposes is twice as much as it was then, or more than half of the entire amount of state taxes.

The school fund and the University of Illinois fund do not include all of the educational expenditures. The normal schools, the vocational educational system, the education of the deaf, blind and delinquents and the operation of the office of the department of public instruction are all supported out of the general revenue fund.

Estimates submitted for the state budget, which will be used primarily for the information of the legislature in making appropriations, will also be of value to the tax levy board. The estimates will show an increase over the preceding biennium, due to unsettled market conditions. After the estimates have all been received by the superintendent of the budget, the department heads will be called together in an effort to revise them and reduce them to the necessary appropriations.

The state tax rate has been decreased materially during the present administration, in spite of war prices and conditions. In 1917 the rate was 90 cents on the \$100 valuation. In 1918 it was decreased to 75 cents. In 1919 the valuation of property was placed on the one-half basis, instead of one-third and the tax rate on this basis was 40 cents, which is equivalent to 60 cents under the old system.

Social Events

Entertained For Mrs. Vieira and Daughter.

After the Ladies Aid Society of Northminster church held their regular meeting Thursday afternoon the Society entertained for Mrs. Walter Vieira and daughter Miss Frances, who are visiting relatives and friends in the city from Dardeno, California. A social time was enjoyed and refreshments were served and the affair was one much appreciated.

Linen Shower for Miss Norma Dawson.

Miss Margaret Thompson and Mrs. Verna Rexroat entertained a company of young ladies at the home of their parents, Mr. and Mrs. Charles P. Thompson, 725 West State street, Saturday evening in honor of Miss Norma Dawson, who is soon to wed Ernest Stout. It was a linen shower and the guests of honor received a number of handsome and useful gifts. The guests were sixteen of the intimate friends of Miss Dawson. During the evening the hostesses served refreshments.

Oliver-Goveia Reunion.

Mr. and Mrs. C. C. Oliver who reside two miles northeast of the city and Mr. and Mrs. George M. Goveia celebrated their wedding anniversary at the home of Mr. Oliver, it being Mr. and Mrs. Oliver's fortieth anniversary and Mr. and Mrs. Goveia's thirty-eighth anniversary.

Both families have resided in the vicinity where they are now all their lives. About forty relatives were present, spending a pleasant evening with games, songs, and recitations. Late in the evening some delicious refreshments were served.

The party was also held in honor of Frank M. Baptist who has been away from this section of the country for thirty years. He is the brother of Mrs. Goveia, Mrs. Oliver, and also of J. W. Baptist.

This was a most enjoyable occasion and a pleasant reunion among those who have spent so many years of cheerful married life. At a late hour the guests departed after wishing those whose honor the party was held, many more of these happy celebrations.

Miss Huckleby to Wed Missouri Banker.

At a luncheon given Saturday at Colonial Inn announcement was made of the engagement and approaching marriage of Miss Inez Huckleby of this city and Mr. Ralph Frazer Anderson of Sikeston, Mo. A small group of Miss Huckleby's most intimate friends were the guests at the luncheon. There had been no inkling of the interesting announcement until tiny cards found in the petals of roses at each cover disclosed the initials "I. H." and "R. F. A."

The company included Mrs. A. F. Ewert, of White Hall; Mrs. W. G. Goebel, Mrs. Carlton Hook, Misses Ainslie and Clara Moore, Misses Katherine Barr, Rose Bellatti and Florence Ward. Russell roses were used in the table decorations and the luncheon was given in every way handsomely served.

Miss Huckleby, who is the daughter of Mr. and Mrs. W. R. Huckleby of 846 West State street, is a graduate of Illinois Woman's college and has been especially prominent in the musical life of Jacksonville. For the past two years she has had a music studio in Sikeston and is the organist of the Methodist church of that city.

THE BIG SPECIAL
today is Fig Taffy, only 30c pound. We also have pecan roll puffs, our latest success. nut brittles, caramels, mint patties, white, pink and maple pinoche, honey comb chips, coconut cream slices, and a large number of home pieces made for you today, AT MERRIGAN'S.

TRAILING WESTWARD.

In the days of California excitement the emigrants used often to travel in what were called "trains." They ranged in the number of vehicles from three or four up to twenty or thirty, or even more.

Saturday the writer saw an auto whose chief engineer said he was from Akron, Ohio. Next was a machine containing people from Buffalo, N. Y. The writer spoke of the distances travelled by the latter, to the Akron man, who said: "Oh, there's one from further off than that! There's one from Boston, and a small boy in the car added 'Massachusetts' as the state in which Boston flourishes."

This reminded the scribe of the California trail days, with their trains. Soon the Boston vehicle rolled up, and there were three or four "long distance" emigrants right together.

So the machinery changes, and people with it, but the general features are as of old.

Mr. and Mrs. Andrew Finlay who were recently married, are pleasantly located at 520 Jordan street. Mrs. Finlay was formerly Miss Hazel Claus.

FINE WATCH REPAIRING
M. Duffy, upstairs 222 1/2 East State Street.

POLITICAL ANNOUNCEMENTS

I hereby announce myself a candidate for State's Attorney of Morgan county in the Republican ticket at the general election November 2nd, 1920.

Carl E. Robinson.

MINISTER DECLINES

CALL TO CHICAGO

Rev. A. F. Ewert Will Remain in White Hall Pastorate—Decision After Conference With Session.

Rev. A. F. Ewert who was recently offered the pastorate of a large Chicago church has decided to remain in his White Hall work. The Register in that city had the following statement about the decision which the White Hall people evidently approved.

Rev. Arthur F. Ewert, the popular and efficient pastor of the local Presbyterian church, has decided to remain "on the job" and continue his residence in White Hall. That matter was definitely decided last Sunday evening when he met with his "session" whom he had called into consultation regarding a unanimous call he recently received from the 8th Presbyterian church of Chicago.

After discussing the matter thoroughly with him, the session deemed it inadvisable for him to resign at the present time and a telegram was sent that night to the clerk of the session of the Chicago church extending the call, stating quite fully their reasons for refusing to consent to the resignation and removal from the local church.

The local session fully realizes the very tempting offer is quite a sacrifice for him to make and in substance the following resolution was unanimously adopted and made a part on the church record:—

"We greatly appreciate the straightforward course pursued by Rev. Mr. Ewert relative to this and other flattering calls recently received by him. He has always displayed an unselfish desire to consult the wishes of the church and session as to the needs of the work here, always taking the session into his confidence and acting with entire frankness and good faith. In his decision to continue to remain with us means considerable financial loss to himself, but we believe in the long run it is the proper action for all concerned."

That Rev. Ewert has fully decided to remain in White Hall and continue his pastorate will be good news to his many friends and admirers both in and outside the church.

December the 1st he will have completed six years as pastor here, and if he continues—and the decision of last Sunday evening indicates that he will—he will have served the local church as long as his predecessor, Dr. John Rugh, who resigned to accept the pastorate of the Presbyterian church at Taylorville.

Not many persons, even preachers, would "pass up" such a tempting offer as that made by the Chicago church. Forty-five hundred dollars salary and manse two thousand dollars more than he receives here—besides the great opportunity of serving a city church of upwards of six hundred members—a fine new stone church building valued at more than a hundred and fifty thousand dollars, and in addition to all this a twenty-five thousand dollar endowment and other commendable features makes it a great opportunity for any wide-awake, progressive young preacher, and it takes more than ordinary "nerve" and faith to pass it by—thus demonstrating, or rather exploding the very common remark that "preachers" like most everyone else these days is "after the money."

Personally, we believe under the present circumstances, Rev. Ewert and his session have acted wisely. We have great faith in him and the possibility for good by him in his Christian activities in White Hall and vicinity, and we trust that his many friends will join in "boosting" for the good things he advocates and let him know we appreciate his services and leadership and make him realize still more fully that he has made no mistake by deciding to remain in White Hall.

SPECIAL NOTICE

On account of having no lights Saturday evening, our anniversary sale will be continued one week more. Special bargains offered each day.

1 lot ladies' evening and party dresses at one-half price.

(1) Northwest of the city we have 80 acres nearly all good farming land with fair improvements. \$200 an acre.

(2) Southwest of the city 80 acres, one-half excellent farming, balance somewhat rolling, with excellent improvements, with everything in first class shape, \$225 an acre.

(3) 100 acres fine black land, all new improvements, one and one-half miles out of a good town at \$350 an acre.

(4) 100 acres south of the city; 70 acres in cultivation, balance rolling to rough grass land; well fenced with good set of improvements, all nearly new. \$150 an acre.

(5) Just outside the city we have one of Morgan county's best farms, every foot "A No. ONE" with a complete set of improvements of the best quality. Just listed and will soon be sold at \$500 an acre.

THEIR FIFTY-THIRD WEDDING ANNIVERSARY

Friday Mr. and Mrs. W. H. Jordan quietly celebrated their 53rd wedding anniversary in the presence of a few members of the family. The marriage of W. H. Jordan and Mary B. Gund was celebrated in Beardstown by Rev. Mr. Chamberlain, pastor of the Congregational church and a very fine, genial man. Mr. and Mrs. Jordan have three children, Horace and Mrs. Clara E. Paschal of this city and E. G., residing in the vicinity of Murrayville. They also have four grandchildren. Their lives have flowed smoothly for love has been the ruling power. Mr. Jordan served his country in the famous Co. G, First Mo. Cavalry and has been a useful citizen since.

Two of his neighbors also were married in October 1867, Mr. and Mrs. Albert Duckett and Mr. and Mrs. DeFries while Mr. and Mrs. Joshua Hubbs celebrate their golden wedding anniversary this month.

HELP PASSAVANT HOSPITAL WITH YOUR FRUITS AND VEGETABLES

At this season of the year, when the fruits and vegetables are so plentiful on the farm and in the gardens, generous people will remember the great need of Passavant hospital and they will bring to that worthy institution from the fullness of their harvests. Anything that can be used on the farm or in any home can be used at the hospital. Anyone having a contribution that he cannot bring, or deliver, if he will phone committee it will be sent for. Here is a practical way to help where help is needed and will be appreciated. "Give that which is good, and it shall be laid up unto the Lord, and he will repay thee." Committee—Mrs. William Florio, Illinois phone 629; Mrs. Kate Hicks Hollinger, Illinois phone 993.

BACK FROM THE SOUTHWEST

A. W. Potefish of the vicinity of Litterberry has returned from a trip through parts of Missouri and other states. He visited the city of Joplin and vicinity. Kansas City and then proceeded to Topeka, Kans., and while away talked with men from Nebraska, Oklahoma, Texas and various other states. In general what he saw himself and heard from good crops was very favorable for good crops and general prosperity. He also saw a number of life-long Democrats who openly declared their intention to vote for Harding this fall.

Comfort, Beauty and Economy in Every Article Listed Below

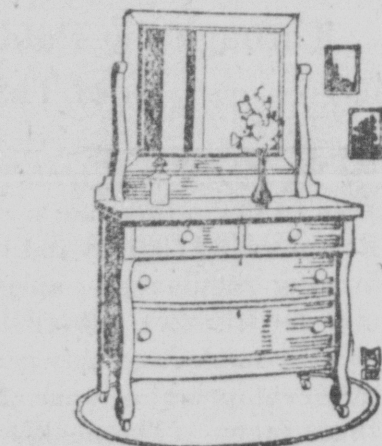

A Dining Room Suite That Will be Cherished in Years to Come, \$298.00

Splendidly fashioned in the Queen Anne design and just as well made. The kind of furniture that never grows old. There are nine pieces; the china cabinet and buffet being highly decorated. May be had in either mahogany or walnut finish.

Draperies of Rare Beauty at Moderate Prices

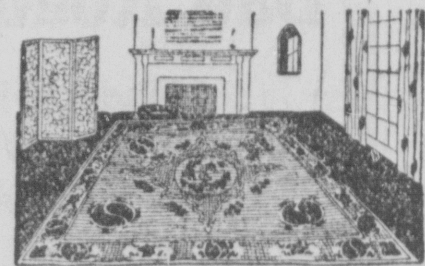

You cannot pay too much attention to the draperies on your windows. In our large drapery department you will find the very finest sun-fast materials in all the newest designs and color combinations. We also carry an exceptionally large stock of lace curtains at prices considerably less than you would ordinarily expect to pay for curtains of such splendid quality. Come in and see them. Special prices this week.

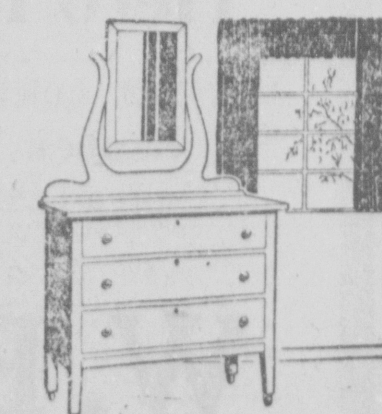

A special Display of Dressers

If you are planning on buying a dresser later in the season, we know it would be to your advantage to make your selection now. Our entire stock of odd dressers in ivory, American walnut and mahogany, specially reduced in price for one week only. The dresser illustrated is a typical example of our real bargains, \$39.95

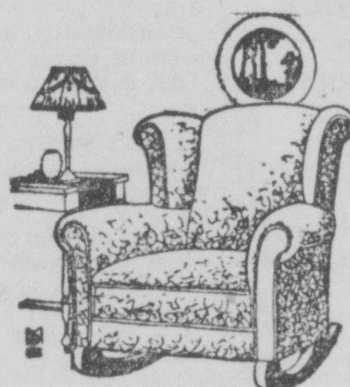

Of the Rarest Beauty

Every rug in our entire stock was selected not only because of its serviceable wearing qualities, but also because of its unusual charm and genuine beauty. Rugs should be selected with more than usual care because they add the right tone to any room and you will be certain to find exactly what you are looking for in our large stock. Tomorrow's special is a 9x12 ft. Axminster at \$58.50

"The Player-Piano That is All But Human"

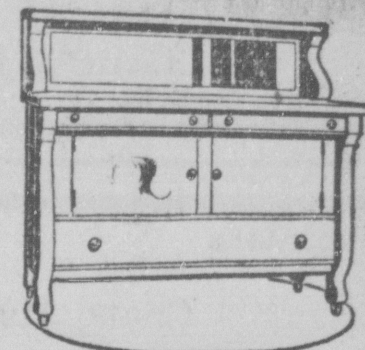

THE BALDWIN MANUALO

Some day you're going to buy a player-piano. When you do, be sure you choose wisely, because there is nothing so disappointing as to get an instrument that lacks the musical possibilities of expression and tone coloration possessed by the Manualo.

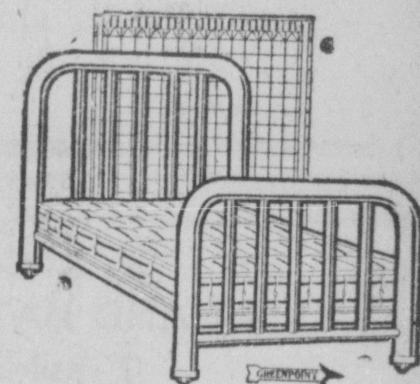

The Accented Pedal Movement, Graduated Pneumatic Action, Interpretation Device and Perfectly Balanced Scales of the Manualo gives you that intimate control of expression and tempo which the hand player enjoys; the piano responding instantly to every shade of feeling and every movement.

The Manualo may be obtained in four instruments—the Baldwin, Ellington, Hamilton, Howard Pianos—the price varying according to the piano. Terms of payment may be arranged to suit. Your old piano or player taken in exchange. Call or write for free booklet, "The A. B. C. of the Player Piano." It is the most interesting book of its kind ever written.

C. A. SHEPPARD

52 inch genuine oak buffet similar to cut; golden or fumed finish.....\$49.50

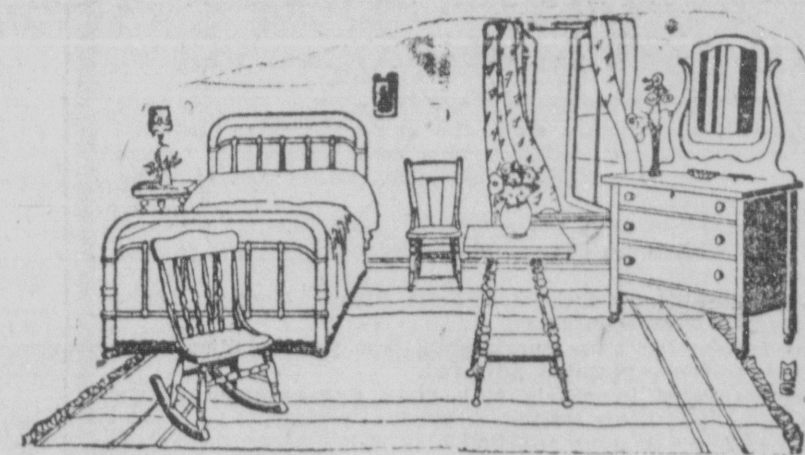

Bed spring and mattress, like cut.....\$36.85

Oak Heaters

There is no question but that oak heaters are the most satisfactory, all round stoves for service, economy, and genuine satisfaction. The style shown is an improved model with a guaranteed fire-pot that will give service for years. Handsomely nickel trimmed, with two dampers, a large ash pan and an extra wide feed door. A long-lived stove that will heat your home.

Rent that extra room. Entire furnishings for a bed room, like cut, consisting of dresser, bed, springs, mattress, rug and rocker.....\$75.00

Why You Should Buy a WIDDCOMB

The machine you want—in fact, the machine that everyone wants—is the machine that most faithfully reproduces the marvelous sweet tones of the world's foremost artists. That's why the makers of the Widdcomb machine have concentrated their efforts on this important feature, with the result that this machine possesses reproductive values that are nothing short of remarkable.

Put It to the Test of Comparison

Listen to any other machine on the market and then come in and listen to the Widdcomb! Try this machine with any record by any company and we believe that even an ear untrained in music will detect the superior tonal values possessed by this wonderful machine. In addition to having a perfect motor these machines are constructed by skilled cabinet makers, of the most carefully selected woods, finished in all the popular finishes and available in period styles. In purchasing this machine you also secure our special maintenance service without extra charge.

Gregory, Jr. Mrs. Gregory will sing "Thine Is the Greatness" by Galbraith. Sermon subject: "Seeing in a Mirror." Christian Endeavor at 6:30. Evening service at 7:30. Address by minister of the church. Subject: "Living With Ourselves." This church seeks to give to our Christian leadership

as it is found in the Gospel of Jesus Christ.

STATE STREET PRESBYTERIAN—Rev. W. H. Marbach, pastor. T. M. Tomlinson, Sunday school superintendent. Mrs. W. Barr Brown, choir leader. We gather round the table of communion and fellowship Sunday morning at 10:45 o'clock as we partake of the Lord's Supper. Occurring as it does but once in three months, members are especially urged to be on hand, making the occasion one for renewing our vows of consecration. All who call themselves followers of Jesus are invited to join us. Sunday school at 9:30. Young People's C. E. at 6:30 p. m. Evening services at 7:30 o'clock. Come and bring your friend.

SOCIAL SERVICE LEAGUE
WILL HOLD MEETING
The annual meeting of the Social Service League will be held at the Baptist church next Thursday evening, Oct. 12.

A chicken pie supper will be served at 6:30 by one Circle of the Baptist Aid Society. The tickets are 75 cents and may be obtained from the League rooms or from Mrs. L. B. Turner. The number of seats is limited so it is necessary to buy your ticket beforehand. The speakers will be Miss Alice Hill, Supt. of the Associated Charities in Springfield and Rev. W. H. Marbach.

SOCIAL SERVICE NOTES

Miss Marion Fairbank, our office assistant, took a trip to Waverly to attend a conference, Tuesday and Wednesday and also put in some work for the League. During her absence her place was capably filled by Miss Annie Weir Palmer.

Wednesday, the Relief Committee put in a strenuous afternoon's work and prepared for use thirty garments.

The Sunday School class taught by Mrs. Tom Hopper wishes to do some social work thru the league, and plans are being made for this. Mrs. Hopper has also offered to loan us her car sometimes. This will be a wonderful boon as this work is so varied and so scattered

DR. W. P. DUNCAN
TAKES AUTO TRIP

Had Interesting Trip Thru Indiana, Illinois, Ohio and Kentucky—Has Been Gone Since August 23.

Now that foreign travel is so expensive and difficult withal it is well to investigate the scenic and other attractions of our own noble country and the investigator possessed of a reasonable amount of time, money and common sense will find much to interest and attract him.

This was the view Dr. W. P. Duncan took and put into practice. With his wife and son Donald he started in his car the 23d of August last and had an itinerary which was indeed enjoyable and instructive. His son Edward was at the military and naval academy at Culvert, Indiana and by that place they went taking in the son there and proceeding on their way.

One of the first places of interest was Lafayette, Indiana near which city is the historic battleground of Tippecanoe which contest was fought November 7, 1811. General William Henry Harrison commanding the white forces and the far famed chief Tecumseh, the Indians. There was the prophet's rock on which the Indian chief stood while he directed the contest and near by is the soldiers' home in an attractive location, along a beautiful river drive.

In Lafayette they saw the Lion tire factory, the buildings of Purdue university and the Crouch importing stables to which so many fine draft horses are brought from Belgium and other foreign lands where they can't afford to rear scrubs but instead have fine stock and charge accordingly for importations.

Goes Into Ohio.

From Lafayette they went thru

REYNOLDS
Mortuary
and Chapel

Jacksonville, Illinois

Office Phones
Bell 39 Illinois 39

Residence Phones
Either Phone 438

St. Wayne, Ind., Toledo and Cleveland, Ohio where they saw a number of extensive automobile factories. Gary was the next point visited. The works there were interesting but the people were nearly all foreigners with all that implies.

They next stopped south of Lake Erie where the doctor's daughter Dorothy was and took her aboard, making the family complete. There they remained a few days enjoying the attractive surroundings and then visited the extensive lace works at Zion City and now conducted by the great firm of Marshall Field & Co.

They then turned their faces downward through Indiana, passing through Valparaiso, Knox and Kokomo, visiting the Haynes and Apperson automobile factories and the Kokomo tire works. There, too, were the wonderful opalescent art glass works which were a wonder indeed and extremely interesting.

Thence they went through Indianapolis and Seymour, Indiana where the doctor's mother was raised, and visited some relatives and friends. They took the scenic bridge road by old Fort Rittner to the Donaldson caves. These are places of wonder, but travel through them means mud and water to a great degree, making it well nigh out of the question to go far. The Lehigh Valley cement works were viewed and then they went on to West Baden and French Lick Springs to Cross Mammoth cave and gorges and through fine scenery to Marengo cave which is claimed to rival the far famed Mammoth cave and which they mean to preserve from the sacrifice of smoky torches which have so greatly disfigured Mammoth cave. Here only smokeless lights are permitted and the stalactite and stalagmites and various formations of all kinds retain their natural glistening white.

See Kentucky Scenery. Louisville, Kentucky, was next sought and there and near the city they visited Camps Knox and Taylor. Thence they proceeded to Mammoth cave and thence to Onyx cave, a great and beautiful wonder. Then they returned to Louisville, passed through Bedford, visiting the famous stone quarries of that name and on the "Shades of Death", a state park out of Spencer north of Waverland. This is a miniature Yosemite valley where a stream cuts through a rise in the ground. There are huge trees, giant oaks, four to five feet in diameter and a hundred feet to the first limb.

Their effort is to keep everything as nature left it, without any of mankind's so called adornments and it is fine. It is called the "Shades of Death" as it witnessed so many tragedies committed by Indians and outlaws in the early days. Here are giant poplars five feet in diameter and 110 feet to the first limb.

During the trip all sorts of roads were encountered. Some of the time the highways were perfect and again they would be of the worst.

While in Indiana the doctor took occasion to investigate the public schools and was much interested in what he learned. Throughout the state they have many community schools, gathering up many of the pupils each day and transporting them to and from the places of learning. Many buildings, once district school-houses, have been changed to dwelling houses with good results.

The doctor says the expense of such a journey is not prohibitory if one has reason and good judgement, while the pleasure to all and the instruction to the rising generation must be great.

NOW IN PROGRESS

Large Attendance Marks This Year's Event—First Number of Lyceum Course Given—Other Grenfield Notes.

Greenfield, Oct. 8.—This is Greene county fair week and a large delegation from here have been attending and report a splendid fair. Barnard is moving to Greenfield from near Short to succeed LeRoy Piper as manager of the Standard Oil station.

Several families left here by auto last week for Powell, Wyoming, where they expect to begin farming. Those in the party were J. H. Plogger and family of this vicinity; Allen B. Dugger and family; Roy Killam and family and Mrs. Jessie Dugger of Hettick. Jessie McCollum and family went by train for the same destination.

Mrs. Margaret Sooy spent last week with her granddaughter Mrs. Maude Arnold. Frank Sooy and family and Mr. and Mrs. E. M. Jennings came down from Murrayville Sunday and accompanied her home.

Lurten Tucker went to St. Louis Friday to see his mother. Mrs. William Tucker, who underwent a serious operation recently at the St. Louis Mullanphy hospital.

The first number of the Redpath Lyceum course was held at the Opera House Monday evening. The Irene Stolofsky Company gave the entertainment. The company consists of a violinist, a baritone soloist, and reader, a soprano soloist, pianist and whistler, and gave an excellent program.

Mr. and Mrs. T. G. Emmerson left last week for their home in Vero, Fla., after an extended visit with relatives here. Mrs. Emmerson was formerly Miss Frances Ford, a sister of the Ford brothers of this community.

Rev. Dennis O'Brien, pastor of the St. Michael Catholic church has been transferred to Ashland, Ill. Father O'Brien has very acceptably served the people here for eight years. His successor has not yet been announced.

Mr. and Mrs. Charles Baines are the proud parents of a daughter, born last Monday.

Mr. and Mrs. Ernest Long and children, Leslie and Marjorie and

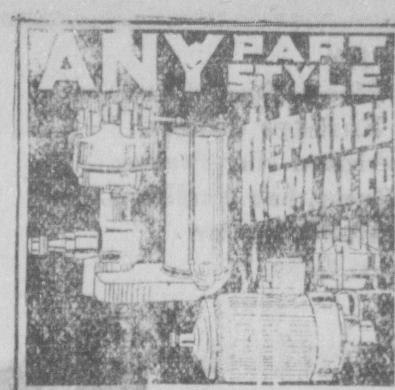

daughter, Dorothy Augusta of Murrayville spent Sunday with Lurten Tucker and wife. Mr. and Mrs. William Fanning, Mr. and Mrs. Warren Fanning and children, Clifton and Cora Frances also called on them in the afternoon.

W. G. Haven who has been suffering from epileptic attacks was taken to Carrollton last Saturday where a medical commission judged him insane and he was taken to Jacksonville state hospital for treatment.

Mr. and Mrs. B. R. Shafer enjoyed a visit from their daughter Mrs. James McGuire of Chicago last week.

Mrs. T. J. Rimbley of Roodhouse was called here last week by the critical illness of her niece Mrs. Lee Lisenbee.

Attend Hopper's Shoe Sale.

Any trouble of any starting, lighting and ignition system on any car can be promptly and correctly remedied here.

Your car's system is an open book to us—and we the stocked, equipped and ready to remedy any trouble it may develop.

The Common Fault With
Most Cooks is to Use Too
Much Shortening

ONE of the most embarrassing things for a housewife is to have her cake turn out "heavy"—or her pie crust "soggy." Not only unsatisfactory to the palate but the cause of many people saying: "Pies give me indigestion"—or "I can't eat pastry."

Yet this is a condition easily avoided.

Don't use too much shortening.

You use 1/3 to 1/4 less Mazola than you need of either butter or lard—with better results.

If it's pie, Mazola will make the finest, most delicate and easily digested crust you ever tasted.

Or if it's cake—both lightness and richness will result from using Mazola.

And being an oil it is always ready for instant use—no tiresome "creaming-in."

This is because Mazola is an absolutely pure vegetable fat from an edible source. It is 100% fat—contains no moisture as is contained in butter and lard.

Once you try Mazola you will prefer it to lard and other shortenings.

YOU WILL PREFER IT TO LARD AND COMPOUNDS

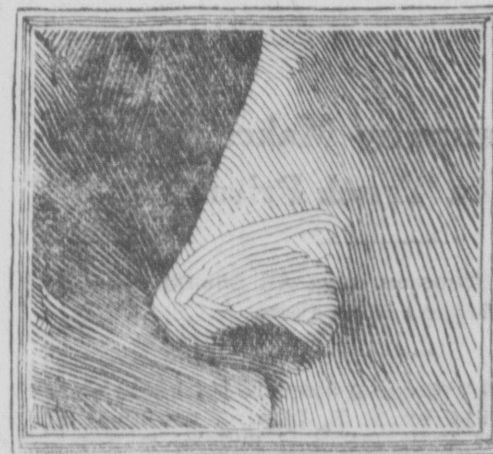

Conspicuous
nose pores

How to reduce them

Complexions otherwise flawless are often ruined by conspicuous nose pores.

The pores of the face are not as fine as on other parts of the body. On the nose especially, there are more fat glands than elsewhere and there is more activity of the pores. These pores, if not properly stimulated and kept free from dirt, clog up and become enlarged.

To reduce enlarged nose pores: Wring a soft cloth from very hot water, lather it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in very gently a fresh lather of Woodbury's. Repeat this hot water and lather application several times, stopping at once if your nose feels sensitive. Then finish by rubbing the nose for thirty seconds with a piece of ice.

Notice the improvement the very first treatment makes—a promise of what the steady use of Woodbury's Facial Soap will do. But do not expect to change completely in a week a condition resulting from long continued exposure and neglect. Use this treatment persistently. It will gradually reduce the enlarged pores and make them inconspicuous.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

The Andrew Jergens Company, Cincinnati, New York and Perth, Ontario.

ILLINOIS WOMAN'S
COLLEGE NOTES

The Annual College Picnic was held last Monday, October 4, on the beautiful lawn at the home of Dr. and Mrs. T. J. Pitner. Dr. and Mrs. Pitner welcomed the guests and made every one feel perfectly at home. The students greatly enjoyed the beautiful grounds and the historic home; the picnic lunch was ideal; the picnic lunch was bounteous and everything combined to make the day a thoroughly enjoyable one both to students and faculty.

NOW RELIEVED OF
STOMACH TROUBLE

LaSalle Man Had Faulty Digestion, Slept Poorly, Was Bilious, Constipated and Had Trouble with His Kidneys.

Claims Great Benefit from the Root and Herb Remedy, Drecto.

Any remedy that restores the natural functions of the human body is a health making remedy. The use of Drecto, the great herb medicine, tends to restore the appetite, to procure natural digestion, which is followed by an increased circulation and nourishment of the whole body. Lean, haggard, bloodless people begin to gain weight, strength and flesh at once by taking Drecto, as they themselves declare in signed testimonials.

"Before taking Drecto everything I ate went right through me just as I ate it and I didn't seem to get any benefit from my food which kept me hungry all the time," said Mr. Joseph Krieger, who is employed by the Illinois Zinc Co., and lives at 6 LaSalle St., LaSalle, Ill.

"I spent many restless nights rolling and tossing about awakening in the morning just about as tired as when I went to bed. Was so full of bile that my head spun around like a top and black specks shifted up and down before my eyes. Half digested food massed up in my bowels and refused to pass out making me very uncomfortable and producing nausea.

"I was exceedingly uncomfortable when I started to take Drecto but am feeling very much better now. My food digests without leaving gas and gives me strength. My nerves have quieted down and my liver is active which shows that Drecto is going to the bottoms of my troubles and I expect to soon be as well as ever in my life."

All druggists now sell Drecto and it is being especially introduced in Jacksonville by Coover Drug Co.—Adv.

Mrs. Rose E. Tuttle, of Portland, Maine, who says she feels like she has taken a new lease on life since taking Tanlac. Her rheumatism and other troubles have been overcome.

"Tanalac is the grandest medicine on earth, and I just wish it was so every woman who suffers like I did could know what it will really do," said Mrs. Rose E. Tuttle, of 293 Congress street, Portland, Maine, recently.

"No one will ever know how I suffered," she said. "My stomach was so disordered I had to be very careful about what I ate. Potatoes and other starchy foods would completely upset me. Frequently after meals I would have terrible pains in my stomach, my breath would get short, and I would have a depressed and an easy feeling about my heart. Often I was troubled with pains under my shoulder blades and I frequently had bilious attacks. "I also suffered with rheumatism, and this, together with my other troubles, was simply wrecking my health. I felt weak, nervous and run-down all the time, and seemed to be losing weight and strength every day. My sleep was poor, and often I was in such misery I wouldn't close my eyes all night long.

"Before I finished my first bottle of Tanlac I realized I had at last found the right medicine. My condition improved daily as I continued taking Tanlac, my appetite picked up and I was soon eating three hearty meals every day without suffering in the least afterwards. That horrible indigestion has disappeared, I am no longer nervous, I sleep soundly all night and feel splendidly all during the day. My strength has been increased until I can now do all my housework with ease. I am praising Tanlac every opportunity I have."

Tanalac is sold in Jacksonville by Coover Drug Co. and J. F. Shreve, J. Earl Mills, Mercedosa; J. L. Tischer, Mercedosa, and by the leading drug store in every town.—Adv.

President Harker with E. E. Crabtree, Treasurer of the Board, spent Friday afternoon in Havana in the interest of the College.

Miss Louise Gates, of the class of 1912, has been appointed General Secretary of the Young Women's Christian Association, in Allentown, Penna. For some time previous she had been Industrial Secretary of this large association. Her work was of such character that it attracted the favorable attention of the directors and Miss Gates was given this promotion at the first opportunity.

Miss Erma Mason of Sullivan, Indiana, and Miss Mary McIntire of Sullivan, Ill., entered the College on Monday, Oct. 4.

Miss Lamart, director of physical education, is having the students devote themselves to out-door games: hockey, soccer, tennis. Miss Margaret Hamilton is assisting Miss Black in taking care of the large increase in the swimming classes.

Edwardsville has the distinction of having the largest number of students attending the College, seven being enrolled from this city. The girls from Southern Illinois are organizing a new club called the Egyptian Club, which will comprise all those from the southern part of the state.

The Indiana Club was formally organized and had its annual stunt Friday evening in the dining room. This club is composed of all the students who come from the Hoosier State; this year they are represented by thirty-three wide-awake young women; it is one of the strong, aggressive forces in the student life of the school.

The Chicago Society will hold its annual autumn meeting Saturday, Oct. 16, in the East Room of the Hotel LaSalle at 12 o'clock. Mrs. Lambert will represent the College at this meeting.

20 white women to go to work tomorrow morning in poultry department; 25c an hour while learning. Apply Swift & Co., Produce Department.

OLD FRIENDS MEET

(The Franklin Times.) The Auld Lang Syne Circle held its annual meeting Friday at the home of Mrs. Martin Van Winkle. The day was bright the songs of the birds and rustling of the leaves spoke of God's love and the very atmosphere seemed fraught with joy and peace.

The Van Winkle home was decorated with beautiful red, yellow and pink dahlias. Only six members were present, Mrs. Alice Scott of Jacksonville, Mrs. George Darley, Mrs. Martin Van Winkle, Mrs. Paulina Wright, Miss Belle Mansfield and Mrs. J. W. Stewart. The absent ones were not forgotten, neither were those who are waiting on the other shore.

The day was spent about as usual, and the dinner was bountiful and delicious. The gifts which were exchanged this year were more beautiful than ever before, and their song "Auld Lang Syne" was sung with as much enthusiasm as ever.

Mrs. Mary Ely, of Perry, Mo., Ezra Scott of Jacksonville, Mrs. Arthur Van Winkle and Trusten Stewart were guests. So loath were the members to separate that they had supper together and said good-bye at 7 p. m., looking forward to their next meeting and hoping that all of the twelve members would be present.

"There is a temple in my heart Where moth or rust can never come, A temple swept and set apart To make my soul a home. And round about the doors of it Hang garlands that forever last, That gathered once are always sweet, The roses of the Past."

DELEGATES LEAVE

FOR BLOOMINGTON Mrs. E. L. Fletcher, Mrs. Dora Lowdermilk and Mrs. Charles Hopper left this city yesterday for the annual Woman's Home Missionary convention at Bloomington. They are acting as delegates from Grace church to the convention which will be held on today and Monday.

BACK TO ILLINOIS.

A. W. Thomas, who has been three years in Minnesota has come back to this vicinity. He says Minnesota is a fine state and has many advantages but the long winters are tedious. One year snow fell in October and they didn't see the ground till April. He says this is truly God's country, in which statement we will agree.

WANTED

20 white women to go to work tomorrow morning in poultry department; 25c an hour while learning. Apply Swift & Co., Produce Department.

JERRY FLYNN TOPS

THE MARKET Jerry Flynn of Buckhorn recently shipped a load of hogs to East St. Louis and they topped the market. The best paid anybody else was \$16.25 while he received \$16.30. The hogs were sold by Hand & Harrison.

Mrs. R. T. Hopper and children of Chicago returned to their home Saturday evening after a pleasant visit of three weeks with her parents, Mr. and Mrs. D. Cumming, 210 West College avenue, and other relatives.

Y. M. C. A. NOTES

There are all kinds of men and boys in the Young Men's Christian Association and always will be, we Y. M. C. A. hope. Still, there are principles for which it stands and a distinct brand of men are produced out of the crowd brought together in common purposes.

The Y. M. C. A. improves his mind and his training: Over 100,000 eager purposed young men are in its evening schools.

The Y. M. C. A. man is physically strong: Over 500,000 men and boys are in its gymnasiums taking directed physical training.

The Y. M. C. A. man plays the game square: The dominant principle that has become a standard is to play the game, play it fair, and play it to the finish.

The Y. M. C. A. man is tinkling and reading: It maintains hundreds of reading rooms and gave 7,346 educational lectures and talks in the year.

The Y. M. C. A. man is thinking its members are conserving their abilities and training and striving for advancement. Its Thrift Week produced thousands of savers.

The Y. M. C. A. man is brotherly: Its doors are universally open to strangers, welcome is written on its lintels and expressed in its service. In it a man lives in the atmosphere of friendliness.

The Y. M. C. A. man is a Bible student: The attendance of men and boys at Bible classes last year exceeded a million.

The Y. M. C. A. man is social: In membership are over 40 nationalities and its program reaches out to groups and camps and gangs—"all sorts and conditions of men."

A gift of \$15,000 for a Swimming Pool is made by Mrs. J. B. Nunneley to Temple, Texas, Association as a memorial to her husband.

The Burning of the Everett, Wash., building precipitated a campaign long dreamed of. Within four weeks of the burning \$183,003 was subscribed in this coast city of 27,000. E. L. Mogge of the Financial Bureau led the force and secured 3,200 subscriptions. Furnishings for 35 rooms at \$200 were provided by individuals, lodges, church societies,

Scout patrols, and Labor Unions. One room will be called after a soldier buried in France; another after Dr. Mott, and a third after Secretary Witham. Chairman Howarth's service was recognized by the directors with a life membership and the solicitors gave him a gold membership ticket. The Executive Committee alone secured \$83,950; industrial plants gave \$11,829. The 16 business men's teams, each with a goal of \$5,000, averaged \$4,943. Business animosities and criticisms were forgotten.

Forced to Buy a New Front Step by the General Liability Insurance Agents, Erie is patting itself on the back that the old sand stone peters out in eight years. Looks good, they say, for it shows hard usage.

Four Hundred Dormitory Men, Kansas City, Mo., were taken into church and Sunday school last month.

Courtesy Is Sometimes put on as a matter of policy, with the idea that it pays. But policy can no more be the source of courtesy than can the springs that feed the Delaware flow into the Ohio. Courtesy is on one side of the great watershed; policy is forever on the other. "Put on" courtesy can never cap being known for what it is.

Stewart Company Makes an 18%
Cut in Truck Prices

Head of Buffalo Concern Says All Should Join in War on High Costs.

Price reductions averaging about 18 per cent., were announced yesterday by T. R. Lippard, president of the Stewart Motor Corporation of Buffalo, manufacturers of automobile trucks. The new prices will go into effect on Monday, September 27th.

"This bedrock reduction in Stewart prices means a large temporary loss to the factory while using up material on hand," said Mr. Lippard in making the announcement, "but I believe that all business men should arbitrarily reduce their prices and help put the business of the country on a sound basis quickly, thus insuring continued prosperity and full employment of labor."

The old and new prices of Stewart trucks, as announced yesterday, are as follows:

Model	Old Price	New Price
3½ ton.....	\$4,100	\$3,395
2½ ton.....	3,200	2,575
2 ton.....	3,075	2,495
1½ ton.....	2,450	1,995
1 ton.....	1,850	1,650
¾ ton.....	1,450	1,205

Daily Market Report

STOCK MARKET SHOWS WEAKNESS

NEW YORK, Oct. 9.—Professional pressure against speculative issues features the stock market today, bears availing themselves of the short session and next week's holiday to effect further price depreciation. Selling continued to center in the secondary rails and oils, also shipments and made some impression among independent steels, equipments, cottons and food shares.

Texas and Pacific made a further decline of 3 1/2 or a total of almost 20 points for the week and Wisconsin Central broke seven points on a few sales. Sales amounted to 300,000 shares.

Last week's deficit of actual reserves by clearing house banks was corrected today, that item increasing slightly over \$47,000,000.

Actual loans and discounts continued to expand, an increase of about \$29,000,000, lifting the total to the new high record for the year of \$5,453,599,000.

Bonds were irregular and relatively inactive, liberty issues and railway convertibles forfeiting more of their recent advances.

Total sales, par value, \$5,575,000. Old U. S. bonds were unchanged on call during the week.

Liberty Bond Prices. New York, Oct. 9.—Liberty bonds closed: 3 1/2s \$91.40; firsts \$89.30; second 4s \$88.40; firsts 4 1/2s \$89.50; second 4 1/2s \$88.40; third 4 1/2s \$90.24; fourth 4 1/2s \$88.46; victory 3 1/2s \$96.26; victory 4 1/2s \$96.14.

Kan's City Live Stock Market. Kansas City, Oct. 9.—Cattle—Receipts 450; for week, best steers strong to higher; all classes she-stock mostly lower; bulls and feeders mostly lower; stock cows and heifers lower; calves steady to lower; stock calves steady to lower.

Hogs—200; steady, only two loads on sale, weight 215 pounds at \$14.65.

Sheep—500; for week, sheep lower, fat lambs lower, feeding lambs mostly lower.

Chicago Produce Market. Chicago, Oct. 9.—Butter—unsettled; creamery 42 @ 60c.

Eggs—Unsettled; receipts 7-143 cases; firsts 57 1/2 @ 58 1/2c; ordinary firsts 49 @ 55c; at mark, cases included 50 @ 58c; standard, firsts 59 1/2 @ 60c; storage packed, firsts 60 1/2 @ 61 1/2c; refrigerator firsts 49 1/2 @ 50 1/2c.

Poultry—Alive, unsettled; fowls general run 24c; springs 25c; turkeys 40c.

Chicago Live Stock Market. Chicago, Oct. 9.—Hogs—Receipts 2,000; hold over 3,043; market unevenly higher with a few scattering sales 15c to 25c higher than yesterday's average. Quality fair.

Cattle—Receipts 8

RETURN HOME FROM VISIT IN MISSOURI

Dr. G. W. Miller and Niece Miss Marie McGinnison Return from St. Charles, Mo.—Concert at Christian Church.

Woodson, Oct. 9.—Dr. G. W. Miller and niece, Miss Marie McGinnison returned home Friday from a pleasant visit at the doctor's old home near St. Charles, Mo. While there he visited his brother, Silas Miller and other relatives.

Mrs. George E. Staples was called to Mexico, Mo., Sunday owing to the serious illness of her granddaughter, Miss Lucille Kehl, daughter of Mr. and Mrs. C. F. Kehl.

Dr. J. Edward Gallagher returned to his home in Parsons, Monday accompanied by his brother-in-law, B. R. Bishop.

Mr. and Mrs. Harvey Coffman, Mr. and Mrs. William Coffman, daughter Catharine and son Billy all of Springfield, Mrs. Dan Servance and daughter Martha and Mrs. Hattie Coffman of Jacksonville were callers at the home of Mr. and Mrs. Edward Gallagher Sunday evening.

Mrs. May Cornett of Jacksonville attended the Crow-Ground Concert at the Christian church here Monday evening. Mr. Crow is a nephew of Mrs. Cornett. He resides in Roodhouse and is pastor of the Christian church there.

Mrs. J. T. Osborne and Mrs. Ellen Sherry of Murrayville were callers here Monday afternoon.

William E. McCurley made a business trip to the home of his son F. E. McCurley near Strawn's Crossing Monday.

Edward Gallagher is improving nicely after an illness of five weeks. Don't forget to attend the Bible Study at the Christian church on Wednesday evening at 7:30. Pastor Fuller is a very efficient teacher and will be pleased to have a large attendance each evening. Everybody welcome.

Ben Claire Crow and Miss Mabel Clair Ground gave a recital in the Christian church Monday evening. The program.

- a Caro Niro Ben (Dearest Believe)
- Giordani
- Four Songs by Robert C. Clarke
- 1 The Quiet Places.
- 2 The Garden Where My Soul Was Born.
- 3 The Shadow River.
- 4 Good Morning Said the Thrush.

Mr. Crow, II.
Romance Jean Sibellus

- Katherine Maxwell
- 4 Three for Jack
- W. H. Squire
- Mr. Crow.

ILLINOIS COLLEGE NOTES

Regular Devotional Meeting will be held at Academy Hall Sunday evening at 6:30p.m.

Dean George H. Scott went to Peoria on Friday to attend the banquet of the Schoolmasters Club.

Capt. Wesley James, who is working to organize a company of the National Guard in Jacksonville, spoke to the men of Illinois College at the chapel exercises Friday morning and extended an invitation to the boys to join the local company.

Mrs. Helen Brown Reid also spoke at this service in the interest of good music in Jacksonville.

On account of the installation of the temporary chemical laboratory in the gymnasium, the social committee has found it necessary to arrange to hold the College dances in one of the halls down town. On account of the small size of the hall, it has been found necessary to restrict the company exclusively to the College students and alumni and former students of the College. The committee regrets that such action has been necessary but hopes that friends of the College will understand the circumstances which have made the action necessary.

The Y. W. C. A. of the College held its weekly meeting in the Girls' Room of the Jones Building Monday afternoon. The girls who attended the Y. W. C. A. Conference at Geneva, Wis., this summer gave very interesting talks concerning the meetings. The following were the girls who attended the Conference: Gladys Krapp, Rena Chaney and Elaine Thibaud.

At the weekly meeting of the College Y. M. C. A., Tuesday evening the delegates who attended the Y. M. C. A. Conference, Francis Thurmon, Rave Ragatz, Homer Thompson and Henry Turner, gave very interesting accounts of the various activities of the Conference.

Col. Edward Clifford, '86, is working with the Republican National Committee in New York City with his offices at the Republican National Headquarters in that city.

At the Dramatic Club try-out Tuesday six new members were selected. They were: Ed Thies of Granite City, Lyman Slack of Delavan, Irma Bower of Robinson; Hilda Koehler of Cairo, Elizabeth Palmer of Jackson-

ville, and Lillian E. Swift, also of Jacksonville. Friends of Helen Stevens, ex-'22, will be interested to know that she has moved to West Danby, New York. Zoe Thompson, ex-'23, has gone to Glendale, Calif., to reside.

CADILLAC Motor Co. gives positive guarantee to price of Cadillac cars, against any reduction, up to May 1, 1921. C. A. YOUNG, Dealer

RECEIVES LETTER FROM SON

A letter received yesterday by Mr. and Mrs. D. Cumming from their son, James, states that the U. S. S. Frederick cruiser, is expected to land in N. Y., the 15th of this month, unless they receive orders to the contrary since the letter was written on Sept. 22nd. The Frederick sailed from Newport, N. J., the 26th of June. James has been in Belgium, Holland, France, Germany, Russia and England during this time. They were expecting to sail for the states the 10th of Sept. but were ordered to the Baltic Sea to the relief of the U. S. S. Pittsburg that was stranded on the rocks.

The voyage was very delightful especially thru the Kell Canal, which is 80 miles long and cuts across Germany, it took all day to go thru it. They passed several large cities enroute. It is almost as wonderful as the Panama Canal. They were the fourth American ship to pass thru it.

While on the North and Baltic Seas they experienced a few thrills wondering what might happen, as it was well known that there were a number of mines in each sea especially the Baltic, but the trip was made without any mishap and the Pittsburg towed safely to England.

James enlisted a year ago, Oct. 9th, 1919.

CASS COUNTY CIRCUIT COURT IS IN SESSION

Judge Harry Higbee of Pittsfield Presiding—H. W. Sinclair Undergoes Operation—Other Virginia Items.

Virginia, Oct. 8.—Cass County Circuit Court is in session here this week with Judge Harry Higbee of Pittsfield on the bench. The docket is made up as follows:

Eleven criminal cases; twenty-two on civil docket and forty-five chancery which includes twenty-one divorce cases. The out of town lawyers are: J. R. O'Brien, Chicago; H. W. and F. D. Masters, Springfield; L. M. McClure, W. H. Deitsch, J. J. Cooke and W. T. Gordley of Beardstown; A. T. Lucas, of Chandlerville.

Mrs. G. C. Carrol of Virden is the guest of Mr. and Mrs. C. E. Potts and family.

Mrs. Ollie Murry of Beardstown, and father, John Fisher, of Bluff Springs, were guests at the F. L. Fisher home in this city Tuesday.

Dr. L. C. Taylor of Springfield was a business visitor in this city Tuesday.

H. W. Sinclair underwent an operation Wednesday at St. John's hospital.

Mrs. Margaret Green and mother, Mrs. L. Russel are spending a few days with relatives in Yatesville.

Mr. and Mrs. Frank Waddell took possession of their residence this week which they recently purchased from Hy McDonald on Sylvan street.

Mr. and Mrs. Earl Smith and Mrs. W. T. Trimble were shoppers in Springfield Monday.

Mr. and Mrs. George Fisher entertained the Midland Quartette at a 6 o'clock dinner at their home on North Main street Monday evening.

Mr. and Mrs. Bert Stambaugh are the parents of a son born Monday.

Donald DeFrates, son of Mr. and Mrs. Joe DeFrates residing

east of town is a patient at the Springfield hospital. John Emerick returned home this week from a visit with his son, Oliver Emerick and family in Chicago.

Mrs. Sarah Coleman is the guest of her daughter, Mrs. John Pendleton in Chandlerville.

Miss Kathryn Irvine is spending the week in Beardstown. Mr. and Mrs. John Williamson left Tuesday for a visit with their daughter, Mrs. Jessie Knight of Fairfield, Ky.

Doc Butler was one of the city's callers from Woodson yesterday.

See! The Asbestos Sweat

The Most Beautiful Range

That is what comes to your mind every time you go into the kitchen and see the Copper-Clad Range. It is an inspiration because the finest known example of the artifice's art in range making. It is a picture because it is pleasing—A statue because ideal in proportions—A symphony because of the perfect performance.

THIS Set of Elegant Aluminum Ware FREE

Free means these do not cost Copper-Clad buyers a penny. It is a reward for buying while the Crank is here and is offered by him to justify you in attending this sale.

This ware is very substantial and just the kind you would select if buying for your own use. The 7 in 1 convertible cooker takes the place of seven different vessels as shown by figures 1, 2, 3, 4, 5, 6, and 7. You can use this utensil every day.

Free to Copper-Clad Buyers During This Sale

See the Asbestos Sweat

ANDRE & ANDRE

The Best Place to Trade, After All

See Why Copper Clad Ranges Do Not Rust Out

A section of the range body is heated and there on the iron body is the sweat from the asbestos. Right before your eyes you see just exactly what happens every time you build a fire in your range. You see why the sheet of copper is used and what it does and how it does it. You take nobody's word—you see—you know—Absolutely.

Save a Thousand Shovels of Coal Every Year

You know how the many walls and air spaces of a thermos bottle holds the heat. You know that a house with a single wall it not as warm as the house with TWO walls and an air space. You know that storm windows, two windows with a space between, are much warmer than a single window, even if it is as thick as the two windows.

The Copper-Clad Range Has Four Walls and An Air Space

See what it means in fuel saving. See the water sizzle and boil away on a 3-ply sample while it stands on the Copper-Clad sample. See how the heat is wasted by radiation on the three wall construction, and how it is saved by the four wall thermos construction.

Suppose you save only one shovel of coal at each meal; in a year's time you would have over a thousand shovels of coal. Pay? Of course, it will pay. And you owe it to yourself to see these two great demonstrations and know for your own self what range lasts longest and looks best.

Copper-Clad Means That Pure Sheet Copper is Placed Between the Sweaty Asbestos and Range Body. To Place it Elsewhere Would be Like Climbing on Top of a Roof to Get Out of the Wet

Special Demonstration And Sale Of Copper-Clad Ranges All This Week Oct. 11th to 16th

Special Factory Representative Here to Show and Explain the World's Greatest Range—The Copper-Clad

Copper-Clad Ranges Can't Rust Out
